
Property Inventory: 1810 to 1915

This report was prepared by staff to inventory properties located in Kent that were built in 1915 and before. Along with a listing of properties by address and date, the report includes photos of each property along with their address and build date. All build dates were gathered from the Portage County Auditor's online records. Staff began by dating an initial City address list of over 7,100 properties. This resulted in the final list of 865 houses that were built 100 years ago and earlier. We hope this data will be a useful resource for housing information in the future.
