RE: The Portage Development Board's 2019 Annual Report

Greetings Dave:

Attached is the 2019 Annual Report. It is an overview of what your Portage Development Board and its partners accomplished during the calendar year.

The report's highlights include:

- Waltco Lift Corp's election to locate in the City of Streetsboro.
- Ilpea's decision to stay and grow in the City of Aurora.
- Shur-Co's choice to expand in Rootstown Township.
- The Portage County-Port Authority's participation in a major speculative building in the City of Streetsboro.

Since 2011, PDB and its partners have assisted in 81 projects that resulted in over \$593 million in new investment in Portage County. This investment generated 4,483 new jobs and 3,679 retained jobs for a combine annual payroll of over \$348 million.

We thank our investors for believing in and supporting our mission with their time and funding. We welcome any questions regarding the report.

Sincerely,

A handwritten signature in blue ink that reads 'Bradford R. Ehrhart'.

2019

ANNUAL REPORT

NAVIGATE.

**Portage Development
BOARD**

Locate. Stay. Grow.

That's what The Portage Development Board (PDB) does best; help create and retain jobs by coordinating economic development opportunities. These growth opportunities encourage retention, expansion, and attraction of business. PDB also assists businesses and educational institutions in cultivating a qualified workforce and helps sustain mutually-beneficial relationships with private and public sector collaborators that influence the quality of life and business.

Conveniently located in the midst of northeastern Ohio's urban centers, Portage County offers excellent accessibility to a well-developed transportation network, major urban markets, a well-educated and experienced labor force, and some of the finest educational, cultural, and recreational opportunities available anywhere.

Whether working with a small company or a well established one, **PDB has the navigation tools needed to see companies grow in strength and success for years to come.**

Craig F. Sernik, J.D.

**Northeast Ohio Consortium Council
of Govts. Area 19 Workforce
Development Board
Executive Director**

The Area 19 Workforce Development Board, in conjunction with the management and staff of OhioMeansJobs Portage County, are thrilled with the meaningful partnership we enjoy with the Portage Development Board. We have found that our modest investment in the PDB continues to produce significant dividends in the meaningful engagement of the county's business community, allowing our collective organizations to advance our joint mission of serving their workforce and economic development needs.

Jeff Weemhoff

**Atlantic Water Gardens
President**

Brad was very attentive to our needs and he advocated for us down the line at each government agency/entity. We were able to receive a grant for our office upgrade and build out from JobsOhio and a tax break from the city of Aurora.

Jonathan M. Epling

**Epling Estates
Owner**

Brad's enthusiasm, knowledge, and connections helped to move us from idea to reality... Thank you!

Locate **WALTCO LIFT CORP.**

WALTCO Lift Corp. engages in the design, manufacture, and marketing of hydraulic liftgates for truck and trailer applications in North America. The company outgrew its facilities in the City of Tallmadge and found an existing building in the City of Streetsboro that would meet its current and future space needs. The Portage Development Board worked with the City of Streetsboro and JobsOhio to put together a package of incentives that kept the Waltco Lift Corp. in Ohio and will enable it to expand in the future.

Stay **ILPEA INDUSTRIES, INC.**

Ilpea Industries, Inc., locally known as OEM/Miller, makes extruded corrugated plastic tubing and conduit used in appliances, autos, and other applications at its facility in the City of Aurora. PDB and the City built a relationship with the local management through our annual outreach visits. Additionally, our partners at Team NEO supplemented this information with a visit to the company's headquarters in Italy. From these relationships, we learned that the company needed to expand its operations. The City of Aurora was able to help Ilpea with a property tax abatement for their 30,000 square foot expansion.

Grow **SHUR-CO OF OHIO**

Shur-Co, headquartered in South Dakota, is the largest manufacturer of automated tarp and containment systems in the United States. When the company outgrew its leased facility in Ravenna, they worked with Jack Kohl, a local realtor and investor in the PDB, to find land to build a new facility. After a lengthy site selection process, which included consideration of sites both in and outside of Ohio, the company landed in Rootstown Township. Relocating from Ravenna to Rootstown would allow Shur-Co to retain its highly-valued local workforce while offering the space needed for continued growth and visibility from I-76. There are early indicators of a true win-win as two Rootstown Township residents walked in to inquire about openings and were hired as new full-time employees by the company before site construction was completed. PDB assisted the company by working with the Township Trustees and the Portage County Board of Commissioners to set up a 10-year 60% property tax abatement. PDB also worked to address a township concern over the need to upgrade Lynn Road. The solution involved working with JobsOhio and the Ohio Department of Transportation to secure road improvement grants. The Township was able to match those grants, and with assistance from the Portage County Engineer, they were able to make improvements to Lynn Road.

PORT AUTHORITY PROJECT

In the past three years, Portage County's inventory of available industrial buildings of 150,000 square feet or more has been very limited. To help fulfill that need, CL Acquisitions constructed a 150,000 square foot industrial spec building on Wellman Road in the City of Streetsboro. The City and Portage County assisted by providing a property abatement incentive to encourage tenants to occupy the building. Additionally, the Portage County Portage Authority provided a sales tax exemption on material used in the construction.

BREP

To implement its mission, PDB is directed by its strategic plan to execute the Portage County Business Retention and Expansion Program (BREP). The basic goal of the BREP call is to establish and maintain a relationship with the company and connect them to resources they need to be successful. During a call, PDB staff and the respective community partner will visit the company's facility to understand more about the business and its challenges and opportunities for growth. An action plan can be developed, at the company's discretion, to coordinate the assistance of resource partners.
