

Land Use Committee

1. Proposed Parking Code Modifications

Bridget Susel has requested Committee time to seek Council's approval to modify the City's parking codes (Chapters 1167, 1122). The Community Development staff have made recommendations to modify the parking requirements under certain circumstances based on their experience implementing the existing Code. (attachment)

I believe that the proposed parking changes offer a more balanced and realistic approach to managing parking on proposed projects. The Planning Commission voted in favor of the proposed changes and I recommend Council's support.

Council Actions

Adopt the proposed parking code updates as presented.

Community Development Committee

2. Public Art Study Update

I have asked representatives from the joint City-University Public Art Planning Project to attend Committee in order to update Council on the progress of the art study project. Consulting staff from Land Studio will summarize the input received from the public and outline the work product expected to be produced from this effort.

Administration Recommendation

The presentation is for information purposes and no action is required.

Council Actions

No action is required.

3. Eligibility of City Board Member

Jim Silver has asked for Committee time to discuss the status of an existing City board member appointed by City Council. Jim will review the terms and conditions required by Board members to remain in good standing. Jim is suggesting that one Board member's inability to meet all of the required terms requires him to be removed from the Board on which he serves.

Administration Recommendation

I recommend Council authorize the removal of the appointee and direct staff to proceed with finding a replacement Board member.

Council Actions

Authorize the removal of the appointee and proceed with securing a replacement Board member.

<u>Health and Safety Committee</u>

4. Traffic Signal at Water and Main Street

Jim Bowling and Jon Giaquinto have examined the traffic data for the intersection of Water and Main Street in order to respond to the referral from City Council to evaluate the possibility of adding a protected left turn movement from southbound Water Street to eastbound Main Street. Jim and Jon will present their findings with City Council for discussion. (attachments)

Administration Recommendation

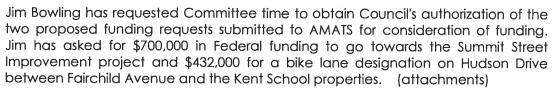

Based on the data, Jim and Jon are not recommending adding a protected left turn movement. I would ask that Council accept this recommendation.

Council Actions

Receive the staff report and direct staff accordingly.

Finance Committee

5. AMATS Projects Funding Request

The funding requests do not increase any City costs and I would encourage Council's support for these project submissions.

Council Actions

Authorize the AMATS funding requests as presented.

6. Parks and Recreation New Bingo Contract

John Idone has requested Committee time for Council to consider authorizing a new contract between Kent Parks and Recreation and the Kent American Legion to share a license that would allow bingo games to be played in Kent with a portion of the proceeds (25%) to go to Kent Parks and Recreation. (attachments)

Administration Recommendation

John estimates that this funding source could generate \$10,000 to \$12,000 a year and I recommend Council support of this new initiative.

Council Actions

Authorize Parks and Recreation to enter into a contract to operate bingo events.

7. Small Business Development Center Funding Re-Allocation

Bridget Susel has requested Committee time to seek Council's approval to reallocate funds that were originally budgeted for the Kent Regional Business Alliance (KRBA) for small business development services in Kent to the small business development agency that has been assigned by the State of Ohio to serve Kent. (attachment)

Administration Recommendation

With the KRBA closing down their services in Kent, Bridget has been working with the State to identify the agency that will replace KRBA and provide small business development services. The State plans to reassign the service territory of the Summit/Medina small business development agency to also serve Kent. The agency will have staff assigned to work in Kent and I recommend Council's approval to transfer a portion of the original budgeted funds to the new agency.

Council Actions

Authorize the reallocation of small business development services funding.

Streets, Sidewalks & Utilities Committee

Based on the referral from City Council, Jim Bowling has requested Committee time to review the staff findings and recommendations for ensuring the safety of pedestrians and cyclists in downtown Kent. (attachment)

Administration Recommendation

I recommend Council receive the staff report and direct staff accordingly.

Council Actions

Receive the staff report and direct staff accordingly.

Information Items

1. Income Tax Report

Dave Coffee has provided a summary of income tax collections thru the end of September 2013. Overall the City income tax collections are up 7.02% (\$615,438) from September 2012. Kent State University's collections thru the end of September are up 3.59% (\$116,726). (attachment)

2. Draft 2014 Operating Budget

Dave Coffee and I are planning to wrap up the details of the proposed 2014 City Operating budget this weekend which means we will mail it out next week so that you could have 2 weeks to review it prior to our budget presentation which is currently scheduled for the Regular Council meeting on November 20th.

4. Kent Veterans Memorial Dedication

PARTA has scheduled the official unveiling and dedication ceremony of the new Veterans Memorial for 2 pm on November 11th, 2013. Bryan Smith at PARTA asked me to advise all of the members of Council to mark their calendars and please join PARTA and KSU in honoring the veterans from every branch of service at this dedication ceremony.

MEMORANDUM DEPARTMENT OF COMMUNITY DEVELOPMENT City of Kent

Date: August 21, 2013

To: Dave Ruller, City Manager

From: Jennifer Barone, Development Engineer

Re: Planning Commission Recommendation – Zoning Text Amendment

Site Access, Parking & Loading and Rooming & Boarding Houses

Copy: Bridget Susel, Director of Community Development

Linda Jordan, Clerk of Council Jim Silver, Law Director

Eric Fink, Assistant Law Director

file

I hereby respectfully request City Council agenda time to consider an amendment to the zoning code (Part 11 of the Codified Ordinances).

On August 20, 2013 the Kent Planning Commission conducted a public hearing to consider an amendment to the zoning text. The amendment proposes changing language to KCO Section 1167 to update the site access, parking & loading code. The modifications include the adjustment to the minimum parking space requirements, clarification of the land banking of parking specifications, addition of bicycle racks criteria, etc.

The amendment also proposes changes to KCO Section 1122 to update the parking requirements for rooming & boarding houses. When Section 1122 was created, the parking requirement was set at 1.25 spaces per resident to allow for visitor parking. The concept was intended to apply to single family homes that were converted into rooming houses. When the 1.25 spaces per resident is applied to an apartment complex, the extra parking spaces for visitors is exorbitant. Staff surveyed the parking at existing student housing complexes and found that the average number of spaces utilized per resident was 74%. The recommendation is for 80% or 0.8 spaces per resident.

After concluding the public hearing, the Planning Commission voted 4-0 to recommend to City Council to amend zoning code Sections 1122 and 1167 to update parking requirements.

A copy of the proposed amendment is attached. Since this is a text amendment and not an amendment to the Zoning Map, only a newspaper advertisement of City Council's public hearing is required by Chapter 1111 of the Kent Zoning Code. As such, this item will need to be scheduled for a public hearing and Land Use Committee review by Kent City Council.

J:\Planning Commission\code amendments\parking\memo to city manager for council consideration of PC recommended code amendments 1167 & 1122 parking.doc

CHAPTER 1167 Site Access, Parking and Loading

1167.01	Purpose	1167.08	Parking Area Design
1167.02	Review Prior to Issuance of	1167.09	Multiple Uses
	Zoning Permit	1167.10	Use of front and rear yards
1167.03	Proximity of Required	1167.11	Location
	Parking	1167.12	Joint Use
	Area	1167.13	Parking lots in Residential
1167.04	Site Accessway Design and		Districts
	Construction	1167.14	Certain variances
1167.05	Minimum number of Parking	1167.15	Minimum loading and
	Spaces		unloading space
1167.06	Usable Floor Area		
	Measurement		
1167.07	Minimum Size Space		

1167.01 Purpose

The purpose of this Chapter is to provide for the size, location and construction of accessways, off-street parking areas and loading areas for new and/or converted uses within the City of Kent.

1167.02. REVIEW PRIOR TO ISSUANCE OF ZONING PERMIT

Any proposed new development or conversion for which a Zoning Permit is required as specified in Section 1111.03(a) through (c) and (e) shall be reviewed for conformance to the requirements of this Chapter prior to the issuance of the Zoning Permit. All applicable requirements of this Chapter shall be satisfied prior to the issuance of a Certificate of Occupancy.

1167.03. PROXIMITY OF REQUIRED PARKING AREA

In all districts, in connection with every building or part thereof hereafter created, sufficient parking facilities shall be provided off-street to meet or exceed the parking requirement specified in the chapter; the furthest edge of such facilities shall be within seven hundred (700) feet of the principal permitted use or building.

1167.04. SITE ACCESSWAY DESIGN AND CONSTRUCTION

For every new or converted multifamily, commercial and industrial uses, the following standards shall apply for the design of ingress, egress or accessways:

- (a) Each ingress and/or egress driveway shall have a minimum width of twenty (20) lineal feet and shall be so designed so as to provide adequate turning and maneuvering for emergency and service vehicles.
- (b) Each ingress and/or egress driveway shall be improved with hard surface materials (excluding gravel) from the street apron to the entrance of the parking area.
- (c) Each ingress and/or egress driveway shall not be closer than thirty (30) fifty (50) feet to a street right-of-way line of an intersecting side street.
- (d) There shall not be more than two accessways abutting on any one street.
- (e) Ingress and egress driveways shall not be used to meet the requirements stated in Section 1167.05 "Minimum Number of Parking Spaces", and thereby block the reasonable flow of vehicles to parking spaces. Parking arrangements within ingress and egress driveway areas shall be approved by the Planning Commission.

1167.05. MINIMUM NUMBER OF PARKING SPACES

The following standards shall be used in order to determine the minimum number of parking spaces required for the specified use:

(a) RESIDENTIAL:

- (1) <u>Single and Two Family - Two (2) spaces per dwelling unit.</u>
- (2) <u>Multifamily</u> One (1) space per bedroom.
- (3) Senior Citizen Complexes One (1) space per dwelling unit.

(b) COMMERCIAL:

- (1) <u>Business and Professional Offices, Banks and Studios</u> One (1) space for each 250 square feet, or fraction thereof, of usable floor area, plus two (2) spaces for each three (3) employees.
- (2) <u>Clubs and Lodges</u> One (l) space for each 150 square feet, or fraction thereof, of floor area or one (1) for each four (4) seating spaces in the assembly or reception room, whichever is greater.
- (3) Hotels, Motels and Tourist Homes One (1) for each one (1) sleeping room.
- (4) <u>Medical and Dental Offices and Clinics</u> -One (1) for each 150 square feet, or fraction thereof, of usable floor area.
- (5) Restaurants One (1) for each four (4) seats.
- (6) Retail Stores and Personal Service Shops, Etc. One (1) for each 200 500 square feet, or fraction thereof, of retail floor area.
- (7) <u>Indoor Theater</u> One (1) for each four (4) seats.
- (8) <u>Automobile Repair Garages</u> One (1) for each 500 square feet, or fraction thereof, of usable floor area. Two (2) per service bay plus one (1) for each employee.
- (9) <u>Gasoline Service Station</u> One (1) space for each two (2) gasoline pumps and two (2) spaces for each service bay. 1 space per employee, plus 1 space per 300 sq. ft. of floor area
- (10) <u>Gasoline Station with Convenience Stores</u> One (1) space for each gasoline pump plus one (1) space for each 300 square feet, or fraction thereof, of retail floor space.
- (10) (11) Bowling Establishment Three (3) spaces for each lane.
- (11) (12) Funeral Home Twenty-five (25) spaces for each parlor.

(c) INDUSTRIAL:

- (1) <u>Manufacturing and Wholesaling</u> One (1) space for each 1,000 square feet, or fraction thereof, of manufacturing or wholesaling floor area.
- (2) <u>Warehousing</u> One (1) space for each 5,000 square feet, or fraction thereof, of warehouse floor area.

(d) OTHER:

- (1) <u>Auditorium, Stadium, etc.</u> One (1) for each four (4) seats based on maximum seating capacity.
- (2) <u>Churches and Schools</u> One (1) for each five (5) seats in principal auditorium based on maximum seating capacity, including choir seats and seats in adjacent rooms separated from the principal auditorium by movable partitions.
- (3) <u>Hospitals</u> One (1) for each two (2) beds.
- (4) <u>Nursing and Convalescent Homes</u> One half (0.5) space per bed One space for every two beds.
- (5) <u>Libraries and Museums</u> One (1) for each 500 square feet, or fraction thereof, of usable floor area.
- (6) Roadside Stand Two (2) parking spaces.
- (7) <u>Child Day Care Facilities</u> One (1) space for each employee plus one (1) space for each six (6) children being cared for, based on the number of children for which the facility is licensed. (Ord. 1996-45. Passed 7-10-96.)
- (8) Recreational Facility 10 spaces plus one (1) additional space for each 1,000 square feet of usable floor area in excess of 2,000 square feet. If seating is included as part of the usable floor area, its floor area shall be dedicated from the total and additional parking shall be provided on the basis of one (1) space for each four (4) seats or one (1) space for each nine (9) lineal feet if the seating provided is a fixed bench type. (Ord. 1998-73. Passed 8-12-98)

(e) REQUIREMENTS FOR USES NOT SPECIFIED:

(1) Where the off-street parking requirement for a use is not specifically defined in this Chapter, the parking facilities for such use shall be developed so as to be sufficient to meet all the parking needs of the proposed use; no parking, loading or servicing shall be done on the right-of-way of any publicly. dedicated thoroughfare.

Types of Uses	Number of spaces required
Residential	
Single Family	Two spaces per unit
Two-family (Duplex)	Two spaces per unit
Multi-family	One space per bedroom
Senior Citizen Complexes	One space per dwelling unit
COMO CARLOT COMPLEXAS	One opase per arresning and
Rooming/Boarding/Lodging House	See Chapter 1122.08
Commercial	
	One space for each 250 square feet of usable floor area, plus
Business and Professional Offices, Banks, Studios	two spaces for every 3 employees
	One space for each 150 square feet of floor area or one for
	each four seating spaces in the assembly or reception room,
Clubs and Lodges	whichever is greater
Hotels, Motels, and Tourist Homes	One for each sleeping room
Medical and Dental Offices and Clinics	One for each 150 square feet of usable floor area
Restaurants	One space for each four seats
Retail Stores and Personal Service Shops	One space for each 500 square feet of retail floor area
Indoor Theaters	One space for each four seats
	Two spaces per service bay, plus one space per each
Automobile Repair Garages	employee
	One space per employee plus one space per 300 square feet
Gasoline Service Stations	of retail space
	One space per gas pump, plus one space per 300 square
Gasoline Stations with Convenience Stores	feet of retail space
Bowling Establishment	Three spaces for each lane
Funeral Home	Twenty-five spaces for each parlor
Industrial	
	One space for each 1000 square feet of manufacturing or
Manufacturing and Wholesaling	wholesaleing floor area
	One space for each 5000 square feet of warehouse floor
Warehousing	area
Other	
Auditoriums or Stadiums	One for each four seats based on maximum seating capacity
	One for each 5 seats in principal auditorium based on
Churches and Schools	maximum seating capacity
Hospitals	One for each two beds
Nursing and Convalescent Homes	One space for every two beds
Libraries and Museums	One for each 500 square feet of usable floor area
Roadside Stand	Two parking spaces
	One space for each employee plus one space for each six
	children being cared for, based on the number of children for
Child Day Care Facilities	which the facility is licensed
	Ten spaces plus one additional space for each 1000 sqaure
	feet of usable floor area in excess of 2000 square feet. If
	seating is included as part of the usable floor area, its floor
	area shall be dedicated from the total and additional parking
	shall be provided on the basis of one space for each four
	seats or one space for each nine lineal feet if the seating
Recreational Facility	provided is a fixed bench type.

1167.06 MINIMUM NUMBER OF PARKING RACKS FOR BICYCLES

The following standards shall be used in order to determine the minimum number of bike storage racks or other bike friendly facilities:

(a) Professional services
(b) Retail
(c) Multi-Family

One (1) for every 10,000 SF
One (1) for every 25,000 SF

(1) 50 dwelling unit 1 for every 5 units

(2) over 50 dwelling units 10 plus 1 for every 10 units over 50

(d) Group housing 1 for every 5 bedrooms

(e) Office

(1) 1-50 employees 2 (2) 51-100 employees 4 (3) 100+ 6

1167.96 07. USABLE FLOOR AREA MEASUREMENT

For the purpose of determining parking space requirements in this Chapter, the term "usable floor area" means the area used for service to the public and excludes area used principally for nonpublic purposes such as storage, incidental repair, processing, show window, rest rooms and dressing rooms. Any derived number with a fractional value of more than .50 shall be rounded to the next highest whole number.

1167.-07 08. MINIMUM SIZE SPACE

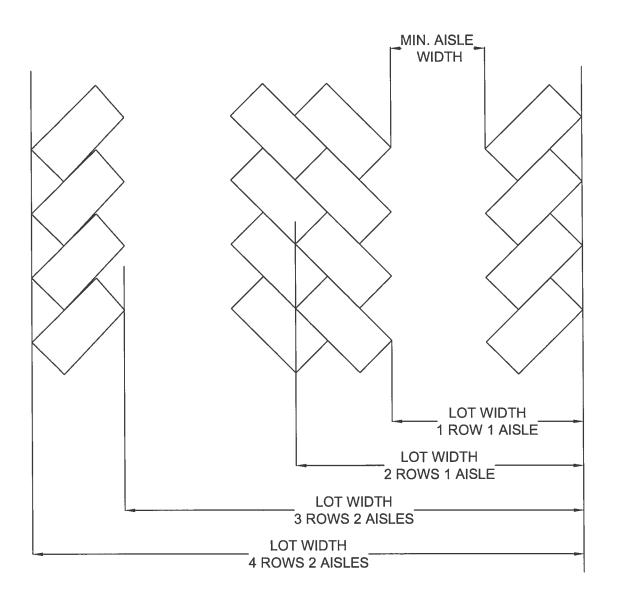

The minimum size of a parking space shall be 9'0" in width and 18'0" in length.

1167.-08 09. PARKING AREA DESIGN

The following standards shall apply to the design of off-street parking areas as they are required in this Chapter for all new or converted multifamily, commercial, industrial or quasi-public use:

- (a) <u>Hard surfacing Required:</u> All parking areas, regardless of size, shall be hard surfaced. Pavement type and thickness shall be approved by the Development Engineer prior to construction, taking into consideration soil conditions and traffic loadings. (Ord. 1991-53. Passed 8-7-91.)
- (b) <u>Turning Radii:</u> Sufficient turning radii shall be provided in accordance with approved engineering standards so as to be adequate for all vehicle movement, including fire and safety vehicles, school buses or other oversize vehicles which may make use of the area.
- (c) Parking aisle minimum width shall be 24 feet.
- (d) Storm Water Management: Storm water runoff created as a result of the improvements to the parking area shall be controlled in such a manner so as to reduce and/or eliminate draining onto neighboring properties. Improved parking areas may be incorporated into the storm water management plan for the proposed project. Site grading as well as storm water control provisions shall be reviewed and approved by the Development Engineer prior to site construction. (Ord. 1991-53. Passed 8-7-91.)

10 N		

- (e) <u>Special Area Designation:</u> Site plans for proposed Projects shall identify the location of handicapped spaces, trash receptacles, fire lanes or other special areas as may be required by other local, state or federal laws.
- (f) <u>Screening and Landscaping:</u> To secure a equate screening between on-street parking areas and abutting properties, the Planning Commission shall have the power to determine the need for and amount of: planting/landscaping, materials, walls, fences or any combination of these as deemed necessary.
- (g) <u>Maintenance</u>: All off-street parking areas shall be continually maintained in satisfactory condition so as to be safe, attractive and free of any hazard, nuisance or other unsafe condition.

1167.-09 10. MULTIPLE USES

The parking and loading regulations for any premises in multiple usage shall be the sum of the minimum requirements for the individual uses on the premises.

1167.-10 11. USE OF FRONT AND REAR YARDS

- (a) Off-street parking facilities shall not occupy any part of any required front or side yard in any R-1, R-2, R-3, R-4, or O-R District.
- (b) In all other Districts, off-street parking facilities are permitted in the required front and rear yards provided that:
 - (1) In the front yard, a landscaped strip of no less than twenty (20) feet is maintained between the parking area and the street right-of-way line, and
 - (2) In the rear yard, a landscaped strip of no less than five (5) feet is maintained between the parking area and the rear property line.

1167.-11 12. LOCATION

The parking spaces required for dwelling units shall be located on the lot and parking spaces required for other uses shall be located on the lot or within 700 feet of the use measured along lines of public access to the property but shall not be allowed in residential districts, except as provided in Section 1167.13.

1167.-12 13. JOINT USE

Parking spaces already provided to meet off-street parking requirements for places of public assembly, commercial and industrial establishments, located within 500 feet of a religious institution measured along lines of public access, and that are not normally used between 6:00 A.M. and 6:00 P.M. on Sundays, and are made available for other parking, may be used to meet not more than seventy-five (75) percent of the off-street parking requirements of a religious institution. Parking spaces already provided to meet off-street parking requirements for commercial and industrial establishments lying within 500 feet of a place of public assembly along lines of public access, that are not normally in use between 6:00 P.M. and midnight, and are made available for other parking, may be used to meet not more than fifty (50) percent of the off-street parking requirements.

In order to meet the minimum amount of required off-street parking spaces required for a given use in a given district, commercial enterprises, industrial establishments, residential uses, places of public assembly, and religious institutions may apply to the Planning Commission for the right to engage in the joint use of owned parking spaces. Prior to approving the joint use of parking spaces to meet the minimum amount of required off-street parking for a given use in a given district, the Planning Commission must verify by a preponderance of the evidence that each of the statements are true:

- (a) The commercial enterprises, industrial establishments, residential uses, places of public assembly, and religious institutions engaged in the joint use of off-street parking spaces are unlikely to have a need for the joint parking spaces at overlapping times;
- (b) The parking spaces designated for joint use comprise less than 75% of the applicant's minimum required off-street parking spaces;
- (c) The parking spaces designated for joint use are within 500 lineal feet of the applicant's most appropriate entrance; AND
- (d) Written agreements between the applicant and the owner/operator of the parking spaces approve this joint use.

1167.-13 14 PARKING LOTS IN RESIDENTIAL DISTRICTS

The Planning Commission may issue a Conditional Zoning Certificate for parking lots in the R-l, R-2, R-3, R-4 and O-R Districts subject to Chapters 1113, 1125 through 1157 1135, and 1171, and the following conditions:

- (a) The parking lot shall be accessory to and for the use in connection with one or more permitted or conditionally permitted uses in and adjoining commercial or industrial district.
- (b) Such parking lot shall contain not less than 5,000 square feet, which shall abut at least fifty (50) feet, either directly or across an alley or street, on the district in which the use for which the parking is provided, permitted or conditionally permitted.
- (c) Such parking lot shall be used solely for the parking of passenger vehicles and no commercial repair work or service of any kind shall be conducted on such parking lot.
- (d) No sign of any kind, other than those designating entrances, exits, conditions of use and penalties for improper use shall be maintained on such parking lot.
- (e) Entrances and exits shall be at least twenty (20) feet from any adjacent property located in any R-l, R-2, R-3, R-4 or O-R District.
- (f) Such parking lot shall be efficiently screened on each side by a fence of acceptable design, wall or compact hedge. Such fence, wall or hedge shall be not less than four (4) feet in height and no solid portion shall be more than six (6) feet in height and shall be maintained in good condition. The planting strip for hedges shall be no less than three (3) feet in width. At least one (1) water outlet shall be provided not more than fifty (50) feet from the lot for maintenance of plant materials. The space between such fence, wall or hedge and the side lot line of adjoining premises in any residential district shall be landscaped with grass, hardy shrubs or evergreen ground cover and maintained in good condition.

1167.-14 15 CERTAIN VARIANCES LAND BANKING OF PARKING SPACES

Where the Planning Commission is satisfied that the location, nature or uniqueness of a particular use make a variance in the parking requirement appropriate, it may, upon application, permit up to fifty (50) percent of the required parking area to remain unimproved and retained in landscaped area. It may require, at any time it deems appropriate, that some or all of the land be improved with parking to meet increasing parking demands.

Where the Planning Commission is satisfied that the location, nature, and uniqueness of a particular use make a variance from the minimum amount of required off-street parking spaces appropriate, the Planning Commission may, upon application, permit up to fifty (50) percent of the required off-street parking area to remain unimproved and retained in a landscaped area subject to all of the following requirements:

		*	

- (a) The applicant must retain the ability to convert the unimproved and landscaped area into improved parking;
- (b) The applicant must present a signed agreement with the Community Development office setting forth the terms and conditions that would trigger the conversion of unimproved and landscaped area into improved parking and/or return the matter to the Planning Commission to determine how much (if any) of the unimproved and landscaped area may remain unimproved; AND
- (c) Upon motion to the Planning Commission and after a public hearing, the Planning Commission shall always retain the right to require an applicant to convert some or all of the unimproved and landscaped area into improved parking sufficient to meet the minimum required off-street parking.

1167.-15 16. MINIMUM LOADING AND UNLOADING SPACE

Every building used for nonresidential purposes which customarily receives or distributes goods by motor vehicle shall provide sufficient space on the premises for all loading and service purpose on the basis of the following minimum regulations:

- (a) Every building having over 5,000 square feet of gross floor area shall be provided with at least one (1) truck loading and unloading space not less than twelve (12) feet in width, forty (40) feet in length, and fourteen (14) feet clearance. An additional truck space of these dimensions shall be provided for every additional 20,000 square feet or fraction thereof, of gross floor area in the building.
- (b) Access to truck loading and unloading space shall be provided directly from a public street or alley or from any right of way that will not interfere with public convenience and that will permit the orderly and safe movement of such trucks.
- (c) Loading space as required under this section shall be provided as area additional to off-street parking spaces required by other provisions of this chapter and shall not be considered as supplying off-street parking space.

CITY OF KENT, OHIO ZONING CODE CHAPTER 1122 ROOMING AND BOARDING HOUSES

Page 1122 - 7

Number of Spaces – Not less than one parking space per permitted resident shall be required for any new or expanded rooming and boarding house. In addition to the required tenant spaces, at least one (1) visitor space for every four (4) tenants shall be provided. Unless otherwise permitted, all of the parking spaces shall be located on the subject property. Minimum parking shall be provided as follows:

0-15 residents on the parcel = 1.25 parking spaces per bed. 16-20 residents on the parcel = 20 parking spaces 21-24 residents on the parcel = 1 parking space per bed 25+ residents on the parcel = 0.80 parking spaces per bed

- c) Off-Site Parking Off-site parking, including parking on a public street, may not be used for meeting the minimum parking requirements as set forth in this Chapter, unless the applicant can adequately demonstrate to the Planning Commission that they have exclusive permission from an adjoining property owner to use "excess" spaces available on the adjoining property. "Excess" spaces are spaces not needed to meet the parking requirements for the use occupying the adjoining property and/or not allocated to the exclusive use of another property. Not more than sixty (60) percent of the actual rear yard area shall be occupied by the parking area and driveway.
- d) <u>Surfacing and Drainage</u> Parking provided on site shall be paved using concrete or asphalt, however the parking may be installed using a gravel surface if the gravel is contained with an adequate barrier that prevents it from being spread outside of the approved parking area. Adequate storm drainage shall be provided in accordance with applicable sections of the Kent Codified Ordinances. In paved lots, the parking spaces shall be striped to the proper dimension. In gravel lots, parking wheel stops or marked railroad ties shall delineate the parking space locations. Where gravel parking is used, drive aprons must be installed in accordance with City standards and the first twenty (20) feet of the driveway back from the street must be paved.
- e) Size and Layout of Parking Spaces Parking spaces shall be no less than nine (9) feet wide and eighteen feet (18) deep. Parallel parking spaces shall be adequately sized in accordance with accepted design practice. Drive aisles shall be adequately sized to permit the unobstructed movement of vehicles in and out of the site. Parking areas should be designed, to the extent feasible, in a way that allows cars to pull forward out of the driveway into the street rather than having to back out into the street. Driveway areas may not be counted as parking spaces unless the driveway is of adequate dimension to allow for the separation of parked cars and cars moving in and out of the site.
- f) <u>Landscaping</u> Landscaping shall be provided around the perimeter of parking areas to the degree practical and possible and shall be fully contained on the property housing the rooming and boarding house use. In areas where parking is immediately adjacent to a residential structure on an adjoining property, landscaping shall be provided in a manner so as to provide adequate screening from car lights and outdoor activity areas.

Dave-

The study of the Main-Water protected left turn phase as requested by Council is completed. Based on the data and analysis, these are the conclusions from the study:

Recommendation is not to extend the time of the protected left turn phase. This is based on the following:

- 1. Analysis of the level of service shows an appreciable increase of delay to the approach and overall intersection by running a pretimed left turn arrow.
- 2. Crash history does not support a need for a protected left turn phase during the entire day.
- 3. A pretimed phase will appear every cycle without regard to the actual traffic demand. This would lead to more wasted time for the entire intersection as can be seen by the results of the capacity analyses.
- 4. Isolated left turn delays are more efficiently handled with the use of an actuated phase where a detector would call the phase rather than a pretimed phase. An actuated phase would require an equipment upgrade at the intersection.

Attached is a full copy of the report for your information. Please let me know if you have any questions.

Thanks.

-Jon

Main-Water Traffic Signal Study 9-23-13.pdf

Dave Ruller < rullerd@kent-ohio.org> To: Jon Giaquinto < giaquinto @kent-ohio.org> Wed, Sep 25, 2013 at 10:00 AM

Thanks Jon.

Define "appreciable" increase in delay for me (if protected LT phase was added), LOS drop from ? to ?

You mention equipment upgrade would be necessary for actuation -- are you talking loop detection or video? What's the costs for the necessary upgrade?

Dave

Dave-

The intersection delays without a left turn phase are 13 sec/veh (LOS B) to 19 sec/veh (LOS B). By adding a left turn phase the intersection delay increases to 26 sec/veh (LOS C) to 63 sec/veh (LOS E).

Equipment upgrade could be either loop detectors or video detectors. A new controller cabinet would be needed in either case. Equipment cost for a cabinet and loops would be about \$25,000 and for a cabinet and video would be about \$44,000.

There are a lot of assumptions that go along with these costs such as the ability to use the existing underground conduit for the additional wire pull and mounting of bracket arms on the existing poles to secure the video detectors. Also any design, bidding, maintenance of traffic and construction inspection is not included.

Thanks.

-Jon

CITY OF KENT DEPARTMENT OF PUBLIC SERVICE DIVISION OF ENGINEERING

MEMO

TO: James Bowling, City Engineer

FROM: Jon Giaquinto, Senior Engineer

DATE: September 23, 2013

RE: Water Street - Main Street Traffic Signal Phase Change Request

As per Council's request on July 24, 2013, we have studied the Water Street and Main Street traffic signal operation, specifically adding a protected left turn arrow for EB/WB Main Street. This memo presents the data collected and the analysis completed on the intersection.

Our understanding of the concerns raised in regards to the Water Street-Main Street intersection from the July 24, 2013 Council meeting include:

- undue delay incurred by left turning traffic from Main Street onto Water Street and
- safety of the left turn movements at the intersection when a protected left turn arrow is not in use.

Existing Data Collection

The Engineering Division collected the following data at the Water St./Main St. intersection:

- Traffic signal timing collected by use of stopwatch.
- Recorded crash data provided by Kent PD for years 2010-2012.
- Turning movement counts for eight hours on August 22, 2013. The hours of the count included 8:00 am 10:00 am, 11:00 am 2:00 p.m. and 3:00 p.m. to 6:00 p.m.
- Left turn delay of the EB and WB movements on July 25, 2013, August 21, 2013 and August 29, 2013.

Traffic Signal Timing

A.M. without left turn arrow:

NB/SB G ball=25 sec., Y ball=3 sec., All Red=2 sec. EB/WB G ball=25 sec., Y ball=3 sec., All Red=2 sec. Cycle length = 60 sec.

A.M. with left turn arrow (7:35 a.m. to 9:00 a.m.):

NB/SB Left turn arrow G arrow=9 sec., Y arrow=3 sec., All Red=2 sec. NB/SB G ball=25 sec., Y ball=4 sec., All Red=2 sec.

EB/WB Left turn arrow G arrow=9 sec., Y arrow=3 sec., All Red=2 sec. EB/WB G ball=25 sec., Y ball=4 sec., All Red=2 sec.

Cycle length = 90 sec.

P.M. without left turn arrow:

NB/SB G ball=25 sec., Y ball=5 sec., All Red=3 sec.

EB/WB G ball=25 sec., Y ball=4 sec., All Red=3 sec.

Cycle length = 65 sec.

P.M. with left turn arrow (4:35 p.m. to 6:00 p.m.):

NB/SB Left turn arrow G arrow=10 sec., Y arrow=5 sec., All Red=3 sec. NB/SB G ball=24 sec., Y ball=5 sec., All Red=3 sec.

EB/WB Left turn arrow G arrow=10 sec., Y arrow=5 sec., All Red=3 sec. EB/WB G ball=24 sec., Y ball=5 sec., All Red=3 sec.

Cycle length = 100 sec.

Crash Data

A total of 13 crashes were recorded over the three year period (2010-2012) with 9 property damage only and 4 property damage with injury crashes.

Year 2010 - 6 crashes (4 property damage and 2 property damage with injury)

Year 2011 - 3 crashes (3 property damage)

Year 2012 - 4 crashes (2 property damage and 2 property damage with injury)

We were able to review the 2012 crashes from the OH-1 reports on the KPD website. The four crashes included 3 rear ends (2 in the SB thru lane and one in the WB thru lane) and one angle crash due to a red light run (WB thru and NB thru). No crashes in 2012 were attributed to the lack of a protected left turn phase.

Left Turn Delay

Left turn stopped time (delay) for EB and WB left turn traffic on Main Street, during times when the protected left turn arrow was not active, was measured in the field by timing the delay of each left turn vehicle within a one hour period. An average delay for all left turn vehicles for the hour was reported along with the maximum delay seen by any one left turn vehicle during the hour.

Water St Main St.					
	EB I	eft Turns	WB	Left Turns	
Time	Avg. Delay (sec/veh)	Max. Delay (sec)	Avg. Delay (sec/veh)	Max. Delay (sec)	
11 am - Noon	21	54	22	57	
2 - 3 pm	29	129	17	114	
3 - 4 pm	22	119	21	58	

These average delays correlate to a level of service of B and C for the movement. The city recognizes level of service D as acceptable.

Intersection Capacity Analysis

Capacity analysis is a standard method accepted by ODOT to analyze delay and level of service for a signalized intersection. The Highway Capacity Software (HCS) program was used for this analysis. Capacity for the existing condition, no protected left turn phase, was compared to the capacity for a protected left turn condition. The protected left turn condition included a protected left turn phase for all directions (as is currently the case) when the phase is active. The analysis utilized the intersection traffic count data and the traffic signal timing data. The existing condition includes times between 9:00 am and 4:00 pm when the protected left turn phase is not active. The following chart summarizes the level of service and delays for each approach and the intersection as a whole.

	- V	Vater St Main S	St.

Conclusions

Recommendation is not to extend the time of the protected left turn phase. This is based on the following:

- 1. Analysis of the level of service shows an appreciable increase of delay to the approach and overall intersection by running a pretimed left turn arrow.
- 2. Crash history does not support a need for a protected left turn phase during the entire day.
- 3. A pretimed phase will appear every cycle without regard to the actual traffic demand. This would lead to more wasted time for the entire intersection as can be seen by the results of the capacity analyses.
- 4. Isolated left turn delays are more efficiently handled with the use of an actuated phase where a detector would call the phase rather than a pretimed phase. An actuated phase would require an equipment upgrade at the intersection.

Please do not hesitate to contact me if you have any questions or need additional information.

October 16, 2013

RE:

Council Agenda Request for AMATS Federal Funding Application

The engineering division is requesting council time to obtain council approval to submit the following projects to AMATS for Federal Funding:

Summit Street Traffic Signal Coordination Project — This project is currently included in the Capital Plan and consists of congestion, safety and access management improvements on Summit Street from Lincoln to Loop Road. The project limits includes 4 of the top 6 accident intersections as ranked by the Akron Metropolitan Area Transportation Study (AMATS) in May, 2006. The project recently completed the planning and preliminary engineering phase and is progressing to the detailed design phase. Engineering is requesting to apply for \$700,000 in Transportation Alternatives Program (TAP) Funding. Staff believes this funding is now available because of a change in AMATS policies. The request is being made to help reduce the local share contribution for the project. There has **not** been an increase in the project costs requiring these funds.

Shared Use Facility - Fairchild Avenue to Roosevelt High School - The funding for this project is being requested in conjunction with the Parks and Recreation department. The project includes the construction of a shared use facility from Fairchild Avenue, where the bike lanes end at Majors Lane, to the entrance of Roosevelt High School off of Hudson Road. We are requesting approval to submit to AMATS' TAP program for \$432,000 of construction funding. The total project cost is \$638,500. The \$206,500 local share will be paid by the Parks and Recreation Department. The funding will be available in 2018 (federal Fiscal Years 2018 and 2019).

RE: Intent to Apply for Federal Highway Administration Funding Assistance

Dear Mr. Segedy:

Please be advised that the City of Kent intends to make applications for Federal Highway Administration Funding Assistance when the next round of applications is accepted. It is my understanding that this letter of intent is a requirement for eligibility to make application at the designated time. The City of Kent is interested in pursuing the following projects:

Project	Funding Source(s)
POR - E. Summit Street (PID 84546)	TAP
Shared Use Facility - Fairchild Avenue to Roosevelt High	TAP
School	

An information sheet is attached for each project identifying the general scope, anticipated costs and requested federal funding.

Should you require any additional information, please do not hesitate to contact me.

Sincerely.

James S. Bowling, P.E.

City Engineer

## **Project Information Form**

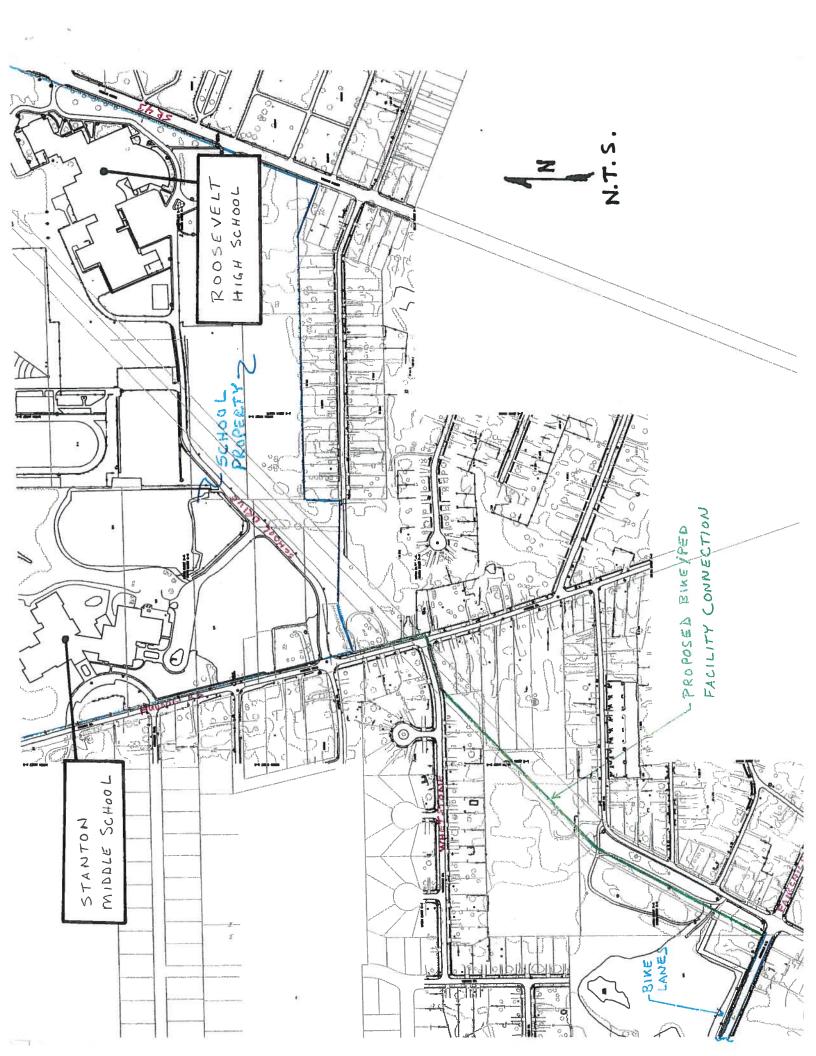

Letter of Intent (Due October 18, 2013)

Project Sponsor(s)		Contact Person	
City of Kent		Name:	James Bowling, PE
		Title:	City Engineer
		Address:	930 Overholt Road
			Kent, Ohio 44240
	6	Phone:	330-678-8106
		Email:	BowlingJ@kent-ohio.org
Project Name	POR-E. Summit St. (PI	D 84546)	
	Currently identified as	map ID #16 in the TIP 2014-2	017.
Location	East Summit Street, K	ent OH	
Termini	South Lincoln Street to	o Loop Road	
Length	8100' (1.54 miles) alon	g Summit Street	
Purpose and Need		<u> </u>	

The purpose of the project is to reduce congestion and improve safety along the corridor for vehicles, pedestrians, bikes and transit. The project area borders one of the main entrances to Kent State University (KSU), serving the Student Center, Library, MAC Center, parking and the campus bus loop. Kent State University is a main employment center in the city with over 3,000 employees. The area experiences congestion (Campus Center Drive to Loop Road ranks 3rd worst in AMATS area for congestion with LOS F as per AMATS 2030 Future Highway Congestion Study), high accident intersections (includes 4 of top 6 high crash intersection in the city as per AMATS Traffic Crash Report, May 2006 updated May 2007) and high pedestrian counts (over 3200 pedestrians at E. Summit St and Risman Drive in a 12 hour period). Additionally, the project will address needs for improvements to safety and connectivity for other modes of travel including pedestrians, bicycles and transit. This will be accomplished by implementation of complete streets concepts on the corridor.

#### Type of Work/Description of Improvement

Vehicular Safety and Congestion Improvements: The proposed work includes the addition of turn lanes as warranted at intersections of Lincoln St., Terrace Dr., Morris Rd., Janik Dr. and Campus Center East, signal upgrade and coordination, realignment of Campus Center Drive West with KSU parking entrance and construction of a single lane roundabout, construction of a single lane roundabout at Ted Boyd Drive, pedestrian and vehicular access management by constructing a raised median from Morris Road to Ted Boyd Drive, concrete curb, storm sewer and catch basins, sanitary sewer repairs, water main adjustments, lighting, traffic signals, fiber interconnect, signing and pavement marking. Fiber is proposed to run overhead along the existing pole line on Summit Street from the Willow Street intersection to the fire station on S. Depeyster Street.

Pedestrian Safety and Connectivity Improvements: The project will include sidewalks on both sides of the street from Willow Street to Whitehall Boulevard which will increase safety for pedestrians especially in areas where sidewalks currently do not exist and provide connectivity through the corridor to KSU facilities, The Portage Bike and Hike trail, parking and bus stops. There will be improved pedestrian crossings at signalized intersections with the addition of pedestrian signals, buttons and pavement markings. Mid-block crossings will also be added where pedestrians currently tend to cross for destinations such as parking areas, bus stops and KSU facilities. Pedestrian level lighting will be included to improve safety during evening hours.

		* enga

Bicycle Safety and Connectivity Improvements: Bike lanes will be added on E. Summit Street following the city's Existing Bicycle Facilities Plan. The bike lanes will connect to existing bike lanes on Summit Street east of Loop Road and also connect to Willow Street, west of Lincoln Street. The connection to Willow Street (a low volume city street) will provide a safe, on-street connection to The Portage Bike and Hike trail (Esplanade). The bike lanes on E. Summit Street will also provide a connection to existing transit stops and will help alleviate congestion on the Esplanade.

Transit Safety and Connectivity Improvements: Transit improvements include construction of bus pull-offs at each bus stop. The bus stops will be improved with additional concrete landing areas for high volume of riders using the Campus Bus Loop. Additionally, concrete areas will be sized to accept future bus shelters that would be installed by PARTA. The improved bus stops will be adjacent to sidewalks, mid block crossings and bike lanes for connectivity with pedestrians, bicycles and parking areas.

RE:

"Instant Bingo Fundraising Contract

Attached is the "Instant Bingo Fundraising Contract with Veteran's, Fraternal, or Sporting Organizations". Kent Parks & Recreation would like to enter into this contract to provide a vehicle for raising money to support Kent Parks & Recreation Youth Recreational Programs. The sponsoring fundraising organization is the Kent American Legion Post #496. The charity organization is the City of Kent Parks & Recreation Department. The term of this agreement shall begin on January 1, 2014 to December 31, 2014. The duties and responsibilities of each group are outlined in the contract.

The 25% proceeds from Instant Bingo will be deposited with the City of Kent as distributed by the Kent American Legion. The Parks & Recreation Board will determine how funds are distributed with the intent to take at least half of the proceeds and "earmark" funds for the sport that provides the volunteers to help run the games. The remaining proceeds will be used solely at the discretion of the Parks & Recreation Board to support parks and recreation operations.

One of our youth coaches, Matthew McGee, has offered to coordinate, with assistance from Recreation Supervisor Nancy Pizzzino, volunteers from our various youth sports. Until we have an organizational meeting it is unknown what the interest level will be, but a preliminary schedule for volunteers from each sport are as follows:

Jan-March

Baseball & Softball

April-May June-July Basketball Soccer

August September Wrestling Flag Football

Oct.-December

Other Sports or Repeat Sport

Please schedule this matter for discussion for the November 6th Committee Meeting.

## ITEMS TO NOTE WHEN COMPLETING THE INSTANT BINGO FUNDRAISING CONTRACT FOR THE 2013 BINGO APPLICATION

Effective Date listed in paragraph 1 on page 1 - the beginning and ending dates must account for all of the days you are licensed to conduct bingo. For renewal applicants, this means the beginning date should be January 1, 2013. For initial applicants, the initial date should be the first day you're eligible to conduct bingo. Please know that this contract can span multiple years if you intend to contract with the same organization in future years. Failure to list the proper dates on this contract will require us to return it to you for corrections, which will delay licensing.

**Identification of Charitable Distributions** (Section C, (24)(a)(i)) **AND** (Section C, (24)(b)(ii)) – both sections need to be completed. Even if your organization does not foresee exceeding the \$250,000 in Net Profit the 50% distribution area needs to be completed or the contract will be returned, *which will delay licensing*.

**Section H – Notices** – this section must be completed in its entirety or the contract will be returned, *which will delay licensing*.

**Acknowledgement by Agents/Employees** – this section must be completed and all individuals listed *must be* on Attachment C of the bingo application or the contract will be returned, *which will delay licensing*.

Please note that failure to file a contract which is NOT complete and accurate will result in an updated contract being required AND a delay in licensing your organization.

(hereinafter referred to as "Location") which is owned or leased by Fundraiser which serves as Fundraiser's post or auxiliary unit of a national veteran's association or as Fundraiser's branch, lodge or chapter of a national or state fraternal organization, or as Fundraiser's own premises if Fundraiser is a sporting organization.

The purpose of this Contract is to allow Fundraiser to raise money for Charity, so that Charity may use said funds for the charitable purposes of Charity in accordance with Chapter 2915 of the Ohio Revised Code.

## A. Representations and Warranties.

- (1) Charity represents and warrants that it is a public charity described in subsection 509(a)(1), 509(a)(2), or 509(a)(3) of the Internal Revenue Code (not a private foundation) and is either a governmental unit or an organization that maintains its principal place of business in Ohio, that is exempt from federal income taxation under subsection 501(a) and described in subsection 501(c)(3) of the Internal Revenue Code. Charity further represents and warrants that it is in good standing in accordance with any rules promulgated by the Office of the Attorney General pursuant to Section 2915.08(J) of the Ohio Revised Code.
- (2) Fundraiser desires to raise money for Charity through the conduct of instant bingo at the Location. Fundraiser warrants and represents that neither it nor any of its officers, agents or employees who will assist in conducting instant bingo have been convicted of any gambling offense or felony in any jurisdiction. Fundraiser further represents and warrants that no distributors that have been licensed pursuant to

Section 2915.081 of the Ohio Revised Code have any direct or indirect ownership interest in the premises that constitute the Location.

(3) Fundraiser is a veteran's, fraternal, or sporting organization as defined in Sections 2915.01(K), (M), or (CCC) of the Ohio Revised Code (hereinafter referred to as a "veteran's, fraternal, or sporting organization") that intends to conduct instant bingo pursuant to Sections 2915.101 and 2915.13 of the Ohio Revised Code. Fundraiser warrants and represents that it is eligible to conduct instant bingo and meets the definitions set forth in Section 2915.01(K), Section 2915.01(M), or Section 2915.01(CCC) of the Ohio Revised Code.

#### B. Obligations of Charity.

- (1) Charity will comply with the requirements of Chapter 2915 of the Ohio Revised Code, and any rules adopted by the Office of the Attorney General pursuant to said Chapter.
- (2) Charity will comply with the requirements of Chapter 1716 of the Ohio Revised Code (relating to registration and requirements for charitable solicitations), and any rules adopted by the Office of the Attorney General pursuant to said Chapter.
- (3) Charity will comply with the requirements of Section 109.23 *et seq.* of the Ohio Revised Code (relating to registration and requirements for charitable trusts), and any rules adopted by the Office of the Attorney General pursuant to said Sections.
- (4) Charity will cooperate with Fundraiser in providing any information necessary for Fundraiser to obtain a license to conduct instant bingo at the Location from the Office of the Attorney General. Charity understands that submitting any false information relating to the issuance of a license to conduct instant bingo to the Office of the Attorney General is a criminal offense.
- (5) Charity will not allow any person whom it knows or should know has been convicted of a felony or gambling offense in any jurisdiction to be a bingo game operator in the conduct of instant bingo.
- (6) Charity will not pay, or allow any auxiliary unit or society of Charity to pay, any compensation to a bingo game operator for conducting instant bingo, or for preparing, selling, or serving food or beverages at the site of an instant bingo game.
- (7) Charity will not pay fees to any person for any services performed in relation to the conduct of an instant bingo game.
- (8) Charity will not pay fees to any person who provides refreshments to the participants in an instant bingo game.
- (9) Charity will not allow instant bingo tickets or cards to be sold to bingo game operators who are performing work or labor at any premises, including the Location, where instant bingo is being conducted. In the event that Fundraiser holds a

D permit as described in division (B) of Section 4301.03 of the Ohio Revised Code for the Location, Charity will not allow instant bingo tickets or cards to be sold to any employees of Fundraiser who are working at a premises at which instant bingo tickets or cards are sold.

(10) Charity will assist Fundraiser in maintaining the records required under Section 2915.10 of the Ohio Revised Code for at least three years from the date on which the instant bingo game is conducted. If any records are accumulated at Charity's place(s) of business other than those related to the recipients of the net profit of instant bingo, Charity will compile the required records and promptly transmit those records to Fundraiser.

## C. <u>Obligations of Fundraiser</u>.

- (1) Fundraiser will comply with the requirements of Chapter 2915 of the Ohio Revised Code, and any rules adopted by the Office of the Attorney General pursuant to said Chapter.
- (2) Fundraiser will comply with the requirements of Chapter 1716 of the Ohio Revised Code (relating to registration and requirements for charitable solicitations), and any rules adopted by the Office of the Attorney General pursuant to said Chapter.
- (3) Fundraiser will obtain a license to conduct instant bingo at the Location from the Office of the Attorney General. Fundraiser understands that submitting any false information to the Office of the Attorney General relating to the issuance of a charitable bingo license is a criminal offense.
- (4) Fundraiser will display its bingo license, and the serial number of each deal of instant bingo tickets or cards to be sold, conspicuously at the Location.
- (5) Fundraiser will not conduct instant bingo on any day, at any time, or at any premises not specified on its license issued for the Location pursuant to Section 2915.08 of the Ohio Revised Code.
- (6) Fundraiser will not conduct instant bingo during the hours of any Traditional Bingo games that may be licensed at the same location, unless Fundraiser has obtained a valid Type II Bingo License for such Traditional Bingo sessions. Any revenues generated from instant bingo conducted at a Traditional Bingo session are subject to the provisions of Section 2915.101 of the Revised Code, but will not be subject to the terms of this Contract.
- (7) Fundraiser will limit the sale of instant bingo to twelve (12) hours per day for up to seven days per week, and will limit the sale of instant bingo to its own premises and to its own members and invited guests. No portion of the compensation paid to employees who sell instant bingo tickets or cards, or who prepare, sell, or serve food or beverages at the site of the instant bingo game will be paid out of any receipts of bingo.

- (8) Fundraiser will purchase all instant bingo supplies only from distributors that have been duly licensed by the Office of the Attorney General in accordance with Section 2915.081 of the Ohio Revised Code, or that have met the requirements of 124 H.B. 512, Section 4, as amended by 125 H.B. 95.
- (9) Fundraiser will not permit any distributor from which it purchases instant bingo supplies to donate, give, loan, lease, or otherwise provide any bingo supplies or equipment to Fundraiser conditioned on or in consideration for an exclusive right to provide bingo supplies to Fundraiser.
- (10) Fundraiser will not pay any kickback, bribe, or undocumented rebate, directly or indirectly, overtly or covertly, in cash or in kind, to any distributor or manufacturer of bingo supplies, in return for receiving bingo supplies.
- (11) Fundraiser will not sell or provide any instant bingo ticket or card for a price different from the price printed on it by the manufacturer on either the instant bingo ticket or card or on the game flare.
- (12) Fundraiser will not sell any instant bingo tickets to a person under eighteen years of age.
- (13) Fundraiser will not allow any person under the age of eighteen to work as a bingo game operator, including preparing, selling, or serving food and beverages at the Location during licensed hours.
- (14) Fundraiser will not allow any person whom it knows or should know has been convicted of a felony or gambling offense in any jurisdiction to be a bingo game operator in the conduct of instant bingo.
- (15) Fundraiser will not allow instant bingo tickets or cards to be sold to bingo game operators who are performing work or labor at the Location. In the event that Fundraiser holds a D permit as described in division (B) of Section 4301.03 of the Ohio Revised Code for the Location, Fundraiser will not allow instant bingo tickets or cards to be sold to any employees of Fundraiser who are working at a premises at which instant bingo tickets or cards are sold.
- (16) Fundraiser will not pay fees to any person for any services performed in relation to the conduct of an instant bingo game, except that Fundraiser may pay fees for services specifically authorized by Sections 2915.09(A)(1), (A)(2), (A)(3) and 2915.101 of the Ohio Revised Code.
- (17) Fundraiser agrees that all agents, board members, officers or employees who perform work or labor at the Location will be advised of the terms of this Contract. Obtaining the signatures of such persons on copies of this Contract together with the written date on which said signature is affixed, and transmitting a true and authentic copy of such signed, dated copies to Charity prior to the commencement of any such work or labor by said agents, board members, officers or employees will satisfy the requirements of this paragraph.

- (18) Fundraiser will, once it opens a deal of instant bingo tickets or cards, continue to sell the tickets or cards in that deal until the tickets or cards with the top two highest tiers of prizes in that deal are sold. Fundraiser will not sell or provide any instant bingo ticket or card for a price different from the price printed on it by the manufacturer. Fundraiser will keep all unsold instant bingo tickets for at least three years.
  - (19) Fundraiser will not purchase, lease or use any slot machine.
- (20) Fundraiser will maintain the records required under section 2915.10 of the Ohio Revised Code for at least three years from the date on which the bingo is conducted, as follows:
  - (a) An itemized list of the gross receipts of each game of instant bingo by serial number;
  - (b) An itemized list of all expenses, other than prizes, that are incurred in conducting instant bingo, the name of each person to whom the expenses are paid, and a receipt for all of the expenses;
  - (c) A list of the total prizes awarded during each instant bingo game by serial number, and the name, address and social security number of all persons who are winners of prizes of six hundred dollars or more in value;
  - (d) An itemized list of the recipients of the net profit of instant bingo, including the name and address of each recipient to whom the money is distributed, and if Fundraiser uses the net profit of instant bingo for any charitable or other purpose set forth in division (Z) of Section 2915.01, division (D) of Section 2915.02, or Section 2915.101 of the Ohio Revised Code, a list of each purpose and an itemized list of each expenditure for each purpose; and
  - (e) An itemized list of all expenses incurred at each game of instant bingo conducted by Fundraiser at the Location in the sale of food and beverages by Fundraiser or by an auxiliary unit or society of Fundraiser, the name of each person to whom the expenses are paid, and a receipt for all of the expenses.

Fundraiser will maintain the records identified in this Paragraph (C)(20) at its principal place of business in Ohio or at its headquarters in Ohio and will notify the Office of the Attorney General of the location at which those records are kept.

(21) Fundraiser will deposit the gross profit from each instant bingo game conducted at the Location into a checking account (hereinafter the "Game Account") devoted exclusively to Fundraiser's bingo as defined in Section 2915.01(S)(2) of the Ohio Revised Code. Fundraiser will make all payments, or transfers to Fundraiser's general account pursuant to Ohio Administrative Code Section 109:1-4-11, for allowable expenses incurred in conducting the instant bingo at the Location and payments to

charitable recipients only by checks drawn on or electronic funds transfers from the Game Account.

- (22) Fundraiser will conduct and record an inventory of all of its bingo supplies as of the first day of November of each year that this Contract is in effect.
- (23) Fundraiser will distribute the proceeds from instant bingo conducted pursuant to this Contract in accordance with the requirements of Section 2915.101(A) of the Ohio Revised Code.
- (24) Fundraiser will distribute the proceeds from the conduct of instant bingo at the Location, after deduction only the amounts actually expended for the payment of prize awards and ordinary, necessary, and reasonable amounts expended for the purchase of instant bingo supplies, as follows:
  - (a) For the first two hundred fifty thousand dollars or less of net profit from the proceeds of the sale of instant bingo generated during the bingo reporting year:
  - (i) At least twenty-five per cent shall be distributed to Charity or to another organization defined in Section 2915.01(Z)(1) of the Ohio Revised Code or a department or agency of the federal government, the state, or any political subdivision. In the event that the parties agree that Fundraiser may distribute proceeds to another organization defined in Section 2915.01(Z)(1) of the Ohio Revised Code or to a department or agency of the federal government, the state, or any political subdivision, said distributions will be made to Charity and/or the following entities in accordance with the following percentages:

Charity	Percentage Distribution
Name of Other Organization/Government Entity	Percentage Distribution
Name of Other Organization/Government Entity	Percentage Distribution
Name of Other Organization/Government Entity	Percentage Distribution
☐ (If checked, Additional Organizations/Government Distribution to each are identified on a separate list attach	
Total Distributions by Percentage	st total at least Twenty-five Percent).

- (ii) No more than seventy-five per cent for its expenses in conducting the instant bingo at the Location.
- (b) For any net profit from the proceeds of the sale of instant bingo of more than two hundred fifty thousand dollars generated in a bingo reporting year:

- (i) No more than forty-five percent for its expenses in conducting the instant bingo at the Location.
- (ii) A minimum of fifty percent to Charity or to another organization defined in Section 2915.01(Z)(1) of the Ohio Revised Code or to a department or agency of the federal government, the state, or any political subdivision. In the event that the parties agree that Fundraiser may distribute proceeds to another organization defined in Section 2915.01(Z)(1) of the Ohio Revised Code or to a department or agency of the federal government, the state, or any political subdivision, said distributions will be made to Charity and/or the following entities in accordance with the following percentages:

Charity	Percentage Distribution
Name of Other Organization/Government Entity	Percentage Distribution
Name of Other Organization/Government Entity	Percentage Distribution
Name of Other Organization/Government Entity	Percentage Distribution
☐ (If checked, Additional Organizations/Governme Distribution to each are identified on a separate list attac	nt Entities and the Percentage hed hereto.)
Total Distributions by Percentage	The part of the part of
	(must total at least Fifty Percent).

(iii) No more than five percent for its own charitable purposes or to a community action agency. In the event Fundraiser does not distribute the full five percent for its own charitable purposes or to a community action agency, it shall distribute the balance of the five percent to an organization described in division (Z)(1) of section 2915.01 of the Revised Code.

## D. <u>Acknowledgements of the Parties</u>.

- (1) Charity acknowledges that, if it is a Charitable Instant Bingo Organization as defined in Section 2915.01(XX) of the Ohio Revised Code, it is under an obligation to promptly report to the Office of the Attorney General any conduct by Fundraiser or its agents, board members, officers or employees that violates Chapter 2915 of the Ohio Revised Code.
- (2) Fundraiser acknowledges that, if Charity is a Charitable Instant Bingo Organization as defined in Section 2915.01(XX) of the Ohio Revised Code, Charity is under an obligation to promptly report to the Office of the Attorney General any conduct by Fundraiser or its agents, board members, officers or employees that violates Chapter 2915 of the Ohio Revised Code.

(3) Fundraiser understands and acknowledges that in performing the instant bingo activities contemplated by this Contract, it and its agents, board members, officers and employees who perform such activities will be acting as agents of Charity and will hold fiduciary responsibilities to Charity and its charitable beneficiaries and purposes.

#### E. Termination.

- (1) Either party may voluntarily terminate this contract upon 30 days prior notice for any reason whatsoever. Either party may immediately terminate this contract if the other party has breached any provisions of this contract. The following events shall be deemed to be a breach of the obligations hereunder provided, however, said list shall not be deemed to be all inclusive:
  - (a) Any failure by the other party to timely perform its obligations hereunder;
  - (b) The other party shall cease doing business, file for protection under any state or federal bankruptcy or similar laws, make an assignment for the benefit of its creditors, or a receiver, trustee, liquidator or conservator has been appointed over that party.
- (2) In the event of any early termination of this Contract, Fundraiser shall promptly notify the Attorney General that the Contract has been terminated.

#### F. Miscellaneous.

This document constitutes the entire agreement between the parties. Neither party may modify or amend the terms of this contract. Neither this Contract nor any rights, duties or obligations described herein shall be assigned by either party hereto. This Contract shall be construed under and in accordance with the laws of the State of Ohio.

### G. Duration.

This contract is effective for the period indicated above, after execution by all signatories hereto, and shall continue in effect for the duration of the period indicated above unless terminated by either party.

### H. Notices.

Any notice required to be given under this contract shall either be hand delivered or sent by United States certified mail, return receipt requested, postage prepaid, addressed to a party at its address below or such other address as said party shall designate in writing sent in accordance with this paragraph.

IN WITNESS WHEREOF, the parties have executed this Instant Bingo Fundraising Contract to become effective as of the day and year first written above.

## CITY OF KENT, OHIO

## DEPARTMENT OF COMMUNITY DEVELOPMENT

DATE:

October 31, 2013

TO:

Dave Ruller, City Manager

FROM:

Bold Bridget Susel, Community Development Director

RE:

Small Business Development Center Services

A realignment of the state funding made available to the Kent Regional Business Alliance (KRBA) for the provision of small business development services has resulted in financial challenges for KRBA that has significantly limited the organization's ability to continue providing such services in the future.

The City is committed to promoting new business growth and recognizes that continuing to provide small business development services fosters greater commercial investment and expansion in the community. The technical guidance and business planning made available to entrepreneurs through this service is critical to determining the viability of proposed business concepts and greatly increases the number of new small businesses that remain operational for an extended period of time.

The Community Development Department staff has been in discussions with the State of Ohio Development Services Agency (ODSA) to identify a strategy for ensuring that small business development services continue to be made available in the City of Kent. The ODSA has proposed that it would expand the geographic focus of one of its regional small business development centers, The Summit Medina Business Alliance, to include the Portage County region. City staff has determined that the ODSA recommendation has merit and I am respectfully requesting time at the November 6, 2013 Council Committee session to discuss this matter in greater detail and to seek Council approval, with emergency, for the following actions:

- 1. Authorize the City to enter into a 2013 Community Development Block Grant (CDBG) subrecipient agreement with The Summit Medina Business Alliance, in the amount of \$25,000, for the provision of small business development services for low-to-moderate income persons;
- 2. Un-appropriate \$10,000 of general fund monies allocated to the Kent Regional Business Alliance:
- 3. Re-appropriate \$10,000 of general fund monies to The Summit Medina Business Alliance and authorize the City to enter into an agreement with The Summit Medina Business Alliance for the provision of small business counseling services for persons exceeding the CDBG eligible income limits and administrative related costs;
- 4. Authorize the City to identify available City-owned office space that can be utilized, on a parttime basis, by The Summit Medina Business Alliance for the provision of small business development services in the community.

Thank you for your consideration of this request. If you need any additional information in order to add this item to the agenda, please let me know.

#### KENT BUSINESS DEVELOPMENT CENTER

#### PROGRAM POLICY

Recognizing the importance of encouraging small business development as a component of the City's economic development strategy, the City of Kent maintains the Kent Business Development Center on East Summit Street to provide needed incubator services that can support fledgling small businesses that are working towards establishing themselves in the Kent community.

All small businesses seeking to lease space in the Kent Business Development Center will be subject to the following:

- 1) The business must be a start-up company or have been in business no more that two (2) years.
- 2) A formal business plan is recommended and "priority consideration" will be given to applicants that have a completed business plan at the time an application for lease space is submitted to the City of Kent.
- 3) A completed application, in a format designed by the Community Development Department, must be submitted by any person/entity interested in leasing space in the Small Business Development Center.
- 4) The term for all leases in the Kent Business Development Center will range from two-to-four years. No lessee will be allowed to occupy space, under the Small Business Development Center rent structure, beyond 48 months.
- 5) A security deposit equal to the first month's rent is due and payable at the time of the signing of the lease and is required before occupancy. The lessee must leave the rented space in a condition acceptable to the City of Kent or the security deposit will be maintained by the City in order to correct for any damage or non-code compliant conditions created by the lessee.
- 6) The base lease rate, beginning in August 2013, will be \$5.00 per square foot (s.f.). The lease rate for subsequent years will be adjusted annually based on the reported average annual percentage of change for the Cleveland-Akron PMSA Consumer Price Index as reported by the Bureau of Labor Statistics. If the average rate of change is negative, the rental rate listed in the lease will remain constant for the subsequent 12-month period.
- 7) The lessee will be responsible for all utilities and insurance. At no time will a lessee be permitted access to the premises without transfer of utilities into his/her/company name and without providing documentation of insurance coverage listing the City of Kent as the insured.
- 8) The entire facility operates under one water system so separate meters are not installed in the rental units. All lessees are required to pay the monthly minimum water utilization fee. The fee, effective August 1, 2013, is \$24.87 per month. This fee will be adjusted if, at any time, the City of Kent changes the amount charged for the monthly minimum water utilization fee.
- 9) All lessees are required to sign a Waiver of Relocation Benefits statement.
- 10) All lessees are required to sign an information release form.
- 11) In the event an existing lessee can demonstrate he/she has undertaken a good faith effort to locate suitable alternative space elsewhere in the community within the four (4)

months preceding the date when the 48 month Small Business Development Center term period is set to expire, and the City does not have any other viable applications seeking space in the Small Business Development Center, a tenant can enter into a one year lease extension agreement with the City, with the base rental rate established at a fair market rate of \$9.00 per square foot. The base fair market rate for lease extension agreements will be adjusted annually based on the reported average annual percentage of change for the Cleveland-Akron PMSA Consumer Price Index as reported by the Bureau of Labor Statistics. If the average rate of change is negative, the rental rate listed in the lease will remain constant for the subsequent 12-month period. All other conditions of this policy, including utility payments and insurance, will apply.

12) The Community Development Department will be responsible for advertising for any space available at the Small Business Development Center within 45 days of a vacancy. The advertisement must appear at least once a week for two consecutive weeks and appear in a section of the newspaper that markets commercial space for lease.

Guidelines approved by Kent City Council, August 21, 2013
