

Pending List Update

January 2025

ADMINISTRATION

1) Explore Senior Center Advisory Committee. (10/17)

Council has had a couple of presentations and discussions in Committee of the Whole regarding the availability of services/facilities/housing/etc., for seniors in Kent. In a work-session Council also brought in speakers that provide senior services in areas around Kent to share the types of services/facilities that they provide. Council referred the topic of a senior center to Kent Parks and Recreation for further review and recommendations. Individual Council members have made subsequent motions to resume the conversation on senior services in Committee but those motions failed to pass pending the future recommendations from Parks and Recreation.

Recommendation: The Parks Department has yet to share the findings of its P&R Master Plan with Council so I recommend retaining this item on the pending list.

2) Discussion with Franklin Township on Sidewalk Shoveling (9/21)

The staff have not had specific sidewalk shoveling conversations with the Franklin Township but we did collaborate with PARTA and the Township on a successful SR 59 corridor pedestrian safety planning grant application (approved by Council in June 2022) – and that project is moving forward. Staff believes it would be logical to raise the discussion of sidewalk shoveling during and after completion of the project. It's worth noting that the sidewalks on SR59 are ODOT sidewalks, not Franklin Township.

Recommendation: Retain on the pending list until the SR 59 pedestrian safety corridor project is complete.

3) Review of Roadwork Needed on Portage Street (5/23)

Jim worked with Central Maintenance and a contractor to have street repairs completed on Portage Street in 2024.

Recommendation: Remove from the pending list.

4) Review Language of KRC 339.02 Regarding Semi Parking (3/24)

Staff presented proposed legislative changes to amend the Code to prohibit Semi tractor trailer parking in neighborhoods at the May Committee meeting, and Council adopted those changes at the May Regular Council meeting.

Recommendation: Remove from the pending list.

5) Lifting the Adult Use Marijuana Moratorium (4/24)

At the June 2024 Committee meeting staff presented proposed legislative changes to allow adult use marijuana facilities in existing medical marijuana facilities and within the industrial Zone -- and lifted the moratorium. Council adopted those changes at the June Regular Council meeting. At the July 2024 Committee meeting staff presented an operating agreement with the medical marijuana facility in Kent that included terms for the retail sales of adult use marijuana. Council approved that Agreement at their July Regular Council meeting.

Recommendation: Remove from the pending list.

6) Explore the Use of Consent Agenda (4/24)

Staff presented Council with options for the consideration of using a consent agenda at the August 2024 Committee meeting. Council approved the consent agenda and it began in September 2024.

Recommendation: Remove from the pending list.

7) Recognize Juneteenth as City Holiday (6/24)

In 2024 staff recommended and Council adopted adding Juneteenth as a new City holiday.

Recommendation: Remove from the pending list.

COUNCIL COMMITTEES

1) Land O'Lakes Noise Issue (8/23)

Following presentations in Council, an independent sound study, and multiple meetings with the Land O'Lakes corporate staff, Land O'Lakes changed their plant operations protocols to reduce the noise, and they announced a multi-million dollar plan to replace the equipment that generates the noise and to construct sound barriers.

Recommendation: Remove from the pending list.

2) Noise Ordinance Review (11/24)

Following as request from a resident to reconsider the City's noise ordinance to prevent her from being cited for her dog barking, Council asked staff to report back on possible changes to the noise Ordinance. The staff review is ongoing.

Recommendation: Retain on the pending list.

3) Fur Regulations in Kent (12/23)

Council referred a request from an Aurora resident to consider banning retail fur sales in Kent. The staff studied the issue and discovered that there were no fur retail sales outlets in Kent so the item was not pursued any further. That information was conveyed to the Aurora resident by the City Clerk and no further action was requested.

Recommendation: Remove from the pending list.

4) Downtown Street Closures (1/24)

Council asked the staff to re-evaluate the closing of streets for downtown festivals and the impacts on local businesses. Staff have completed their review, met with downtown business owners, and discussed street closure options with Main Street Kent, the Chamber, and the JC's. Staff is scheduled to present that information to Council at the January or February Committee meeting.

Recommendation: Remove from the pending list.

5) Downtown Historic District (2/24)

With the removal of the statutory role of the Architectural Review Board (ARB), a couple of residents asked for reconsideration of the City designating downtown as an historic district and imposing rules and regulations that would govern the upkeep, renovation and reinvestment of private property within the district. Those residents favor the creation of a local volunteer board to have statutory authority in the oversight of the historic district. Council has previously discussed and denied requests to create a legally defined historic district with government driven controls over private property due to the concerns expressed by the private property owners and businesses. Council has approved the local historic designation for a few private property owners that asked voluntarily to have their property designated as historic but has not expressed a willingness to force such measures on private property owners. Staff has focused on finishing integrating the downtown design standards into the City's Zoning Code, some of which have historic elements, before returning to Council for any further discussions on creating an historic district. The design guidelines update in the Zoning Code should be complete in Spring 2025.

Recommendation: Retain on the pending list.

6) Role of the Architecture Review Board (2/24)

With Council's vote to remove the statutory authority (formerly granting a certificate of appropriateness) from the Architectural Review Board, there were comments from former members of the ARB and Council questioning the need to continue to have a volunteer board function in an advisory role only. Staff reports that for years the ARB only had an advisory role, but during the massive downtown redevelopment, the ARB's functions were expanded to provide an added layer of continuity and compatibility with the millions of dollars being invested in downtown Kent's redevelopment. The pace of that redevelopment has slowed significantly, and Council started getting complaints from local property owners over subjective rulings of the ARB which led to Council's directive to integrate the design standards directly into the Zoning Code rather than relying on personal interpretations of the Code by members of the ARB. Once the design guidelines have been fully integrated into the Zoning Code, staff will return to Council to discuss the future of the ARB.

Recommendation: Retain on the pending list.

7) Parks and Recreation Resident Survey and Master Plan (2/24)

At Council's request, Angela (and her consulting firm) provided Council with a presentation on the results of the community survey and master plan for Kent Parks and Recreation.

Recommendation: Remove from the pending list.

8) Requirement for In Person Board Interviews (3/24)

This item has not been completed by the staff, so I recommend keeping it on the pending list.

Recommendation: Retain on the pending list.

9) Arborist and Health Department Included in Rental Inspections (6/24)

This item has not been completed by the staff, so I recommend keeping it on the pending list.

Recommendation: Retain on the pending list.

10) Warming Centers for the Unhoused (9/24)

This item has not been completed by the staff, so I recommend keeping it on the pending list.

Recommendation: Retain on the pending list.

RE: Amendments: Part Thirteen-Building Code & Part Fourteen-Property Maintenance and Housing Code

The Community Development Department conducted a detailed review of “Part Thirteen-Building Code” and “Part Fourteen-Property Maintenance and Housing Code” of the Kent Codified Ordinances (KCO) and identified proposed amendments in order to address language that is subjective in nature, correct conflicting language in certain sections, and more clearly delineate some of the City’s property maintenance regulations.

I am respectfully requesting time at the February 5, 2025 Council Committee meeting to discuss the attached in greater detail and to request Council authorization, with emergency, of the proposed amendments.

If you need any additional information in order to add this item to the agenda, please let me know.

Thank you.

I am respectfully requesting time at the February 5, 2025 Council Committee session to discuss this item in greater detail and to request Council's authorization, with emergency, for the renewal of the sub-lease with the Haymaker Farmers' Market.

If you need any additional information in order to add this item to the agenda, please let me know.

This covenant shall also apply whether such sale or transfer is made voluntarily by SUB-LESSEE or involuntarily in any proceeding at law or in equity to which SUB-LESSEE may be a party whereby any of the rights, duties and obligations of SUB-LESSEE shall be sold, transferred, conveyed, encumbered, abrogated or in any manner altered, without the prior notice to and consent of the ORIGINAL LESSOR and SUB-LESSOR. In the event of any such unauthorized sale, transfer, assignment, sublease or encumbrance of this Sub-Lease, or any of the rights and privileges hereunder, the ORIGINAL LESSOR or SUB-LESSOR, at its option, may immediately terminate this Sub-Lease by giving SUB-LESSEE or any such assignee written notice of such termination and LESSOR or SUB-LESSOR may thereupon enter and retake possession of the premises.

of rent herein stipulated shall be deemed to be other than on account of the earliest stipulated rent, nor shall any endorsement or statement on any check or letter accompanying a check for payment of rent be deemed an accord and satisfaction and SUB-LESSOR may accept such check or payment without prejudice to SUB-LESSOR's right to recover the balance of such rent or to pursue any other remedy provided in this Sub-Lease. No re-entry by SUB-LESSOR after a breach shall be considered an acceptance of a surrender of the Sub-Lease.

It is understood between the parties that, at the time this Sub-Lease is entered into, the condition of the premises meets all federal, state, and local laws, rules, and regulations designed to prevent or control the discharge of substances into the land, water and air.

RE: Designation: Hometown Bank Building

The City of Kent's Committee on Design & Preservation received correspondence from Hometown Bank requesting the Committee consider recommending to Kent City Council that the Hometown Bank Building, located at 136 North Water Street, be designated as a "Local Historic Property," as defined in the City's Historic Preservation Chapter 1393.

Pursuant to the requirements of Chapter 1393, the Committee on Design & Preservation held a meeting on January 14, 2025 to discuss the designation request and the members of the Committee voted unanimously to recommend to Council that the Hometown Bank Building be designated as a "Local Historic Property."

A public hearing has been scheduled to be held at 7:00 p.m., at the start of the February 5, 2025 Committee meeting in order to seek comments from the public on the proposed designation.

I am respectfully requesting time at the February 5th Committee meeting to discuss the designation of the building in greater detail and to request Council affirm the Committee on Design & Preservation recommendation and formally approve designating the Hometown Bank building as a "Local Historic Property."

If you need any additional information in order to add this item to the Committee agenda, please let me know.

Thank you.

Dear Bridget,

This letter and the attached documentation constitute Hometown Bank's formal request to have the property located at 136 North Water Street considered for historical designation.

Designation of the property as a historical building may allow Hometown Bank to be eligible for future grants and tax credits. Having access to these advantages would allow Hometown Bank to continue supporting the community in downtown Kent as it has for over 126 years.

We understand this is a process that will take time and careful consideration, we ask that you keep us abreast of the process as you move through your procedures. If you have any questions regarding our request, please don't hesitate to reach out to either Michael or myself. We look forward to working with you on this project.

Thank you,

Request for 136 North Water Street to be Designated as a Historical Building

Built in the winter of 1888-1889 and first occupied in the spring of 1889 the Carver Building, now the Hometown Bank Building, has been a successful commercial asset to our community for the past 135 years. We have been fortunate that the that the building has had excellent owners and stewards the entire time of its existence. The first floor of the building had longtime commercial tenants including Keifel Grocery, Getz Brothers Hardware, Barber Shops and Beauty Shops and several confectionery stores and restaurants. On the Second Floor the Knights of Pythias Hall (K &P) as well as the office of Dr. Emily Widdecombe, Kents first female physician, and two apartments. The K & P Hall took half of the second floor and was once also used by the Elks Club.

The building was built on the site of the Levi Reed Livery Stable that burned in 1887. Betsy Carver and her two sons had the building built to continue the retail and commercial area on North Water Street to enhance their other properties south of the new building. At the time it was very uncommon a town to have a female entrepreneur, but Betsy was a powerhouse and controlled her family business after the death of her husband.

In 1898 the founding of the Home Building and Loan company took place in the offices of the Getz Brothers Hardware store and has evolved into the Hometown Bank of today. Over the last forty years the bank purchased the corner lot parcels on which housed the Kent Building that was built in 1836 by the Kent Family as the Franklin Exchange Building. That building burned in 1972. In 1998 the bank designed and built the Hometown Plaza for use of the people of Kent for entertainment purposes. It gave our community a prominent green venue in the downtown and became the front yard of the Hometown Bank Building.

The building was later sold to the tenants of the building with a loose arrangement of percentage of ownership with the Getz Brothers managing the building. It remained in that configuration until it was purchase in the early 1970's. The building was purchased by the Bank, therefore finally consolidating the ownership into a single entity who still owns it today. We feel we have been good stewards of this fine old commercial building since our ownership as well as the Plaza next door.

The building was originally a late century Gothic design, the front façade being destroyed in a fire in February of 1937. The building was redesigned to a more common commercial design and updated in the restoration of the building after the fire in 1937. The bank has continued to remake the building to the period of its original construction. All the storefronts and as well as the original window openings have been preserved. The inside of the building has the original design of the woodwork as found in the rehab and remodeled to the bank needs in the 1970's, 1983 and 2003 renovation

projects. The building may be 135 years old, but it has been updated to all current codes and is effectively new inside.

From the beginning of its occupancy the building has been occupied by dynamic individuals. Community leaders who have served in many capacities such as Mayor, Councilpersons, Members of the Board of Education, Chamber of Commerce leaders as well as other leading professional leaders in their fields of endeavor. Once occupant served for 16 years as our State Representative in Columbus.

We are asking for this designation so that we may in the future avail ourselves of the possible tax credits or grants that we could obtain to maintain or improve this fine old structure. All old buildings are costly to maintain and any help that this would bring us would be helpful.

KENT CITY HEALTH DEPARTMENT

201 East Erie St., Kent Central Gateway, KENT, OHIO 44240

(330) 678-8109 FAX (330) 678-2080

January 27, 2025

The Kent City Health Department is respectfully requesting an appropriation in the amount of \$120,000 to cover the costs of a contract with Tyler products for their permitting and licensing program. The cost includes an initial set up fee of approximately \$98,000 as well as an annual user fee of \$22,000. Please see the attached sheet with a breakdown of how the start-up fee and annual fee would be divided amongst the programs using it. This is a large amount of money and bears some explanation.

Several years ago, our IT Director, Nick Cecil, asked if our department would be interested in the Tyler program. At that time due to the cost and timeline for implementation of the Tyler program and news from the State of Ohio that they would be modernizing a licensing program covering state mandated areas for free, the fiscally responsible choice was to go with the state offer. We cannot be without a licensing program that sends reports to the State of Ohio monthly, and the state's offer to provide Acella free of charge seemed most reasonable.

However, there have been years of delays, it still is not ready for launch, promises unmet, and the Acella program does not function well for either the department or public facing users. We would still need another platform for our other licensing programs the state does not mandate. It has been disappointing to say the least with many health departments choosing to contract with other options. We are unexpectedly caught with vital need potentially going unmet. This brought up past discussions concerning Tyler. It is logical to select a program that will meet all our licensing needs, not just the ones the state mandates, is able to electronically send our reports to the state, communicates with other city departments we need to be in sync with on projects, and is also easy for the public to use. This choice would also be an asset to IT because there would be one platform to manage as well as Finance because payments for fees and licenses would be directly processed.

To offset the cost of the initial start-up and yearly fees we would include cost adjustments in our program fees. For example, Housing licenses have not increased in cost in five years there is space to reasonably maximize these fees as well as other fees for body art, food services, and pools to spread out this cost. We would also look for grants to either cover the Tyler cost in-part or offset other department costs. The department has been down a position for 6 months as so there is ability to reallocate those funds. Unused money from another department's implementation could also be used for a portion of the costs. The benefits of this all-inclusive program make the extra effort to obtain it extremely worthwhile.

Sincerely,

Joan Seidel, MA, BSN, RN, CIC, FAPIC, GRMS
Health Commissioner

MEMORANDUM

To: Rhonda Hall, Finance Director
From: Chief Nicholas Shearer
Date: January 21, 2025
Subject: Reappropriation

This memorandum is to serve as a request to reappropriate and use funds from 2024 into 2025. Detective David Marino is attending college classes to pursue his bachelor's degree. He attended classes in 2024, but we had to wait until he submitted his grades before paying reimbursement. I am requesting \$2,753.68 be reappropriated to 2025 to cover the cost of this reimbursement. The affected budget line is 124-01-510-102.7210. Thank you.

MEMORANDUM

To: Rhonda Hall, Finance Director
From: Chief Nicholas Shearer 
Date: January 21, 2025
Subject: Reappropriation for Wellness Grant

This memorandum is to serve as a request to reappropriate and use funds from the First Responder Wellness Grant from 2024 into 2025.

In 2023, our police and fire departments were jointly awarded \$102,500 in ARPA funding passed through the Ohio Emergency Management Agency for first responder wellness. The unused 2023 funds were reappropriated to 2024 at the beginning of last year.

This memo serves as a request to reappropriate the remaining funds left on these lines, as follows: \$2,908.10 on 124-01-510-118.7340 and \$22,029.00 on 124-01-510-118.7390.

Water Treatment Plant • Service Department

TO: Rhonda Hall, Budget and Finance Director
FROM: John Ellison, Water Plant Manager
DATE: 1/2/2025
SUBJECT: Request for additional funds

As discussed and as per the new contract pricing, I approve this request for additional funding. 1/13/2025.

Melanie A Baker

Rhonda,

I want to request additional funds from the water fund to increase the operating materials line account 201-05-550-501.7420. For the 2025 budget year, \$435,000 was allocated to this line account; I would like to increase it by \$80,000 to \$515,000 to cover the additional cost of lime at the Water Plant.

During the budgeting process, we felt confident in our estimate for operating materials for 2025, given the cost savings we have been able to accomplish at the Water Plant. Significant decreases in soda ash usage from optimizing the treatment process were achieved in 2024 to the tune of nearly \$40,000 while also producing a record amount of water for the year. Unfortunately, in late 2024, we bid out our lime, and the price increase was higher than anyone expected. Greer Lime company came in at the lowest price, and they had given a reason for the price increase as to new Ohio EPA regulations that required significant changes in their process.

The cost of lime per ton in 2023 was \$204.88; in 2024, it was \$267.00; and in 2025, it was \$375.18. This is an 83% total increase in cost from 2023 until 2025 and a 40.5% increase in price from 2024.

Sincerely,

John Ellison, Water Plant Manager

RE: 603 West Street – Vacant Parcel Acquisition

The Service Department is requesting council consideration and approval of the purchase of Parcel #17-011-20-00-003-000 (603 West Street) for \$100. The proposed purchase agreement is attached. The parcel is currently owned by the Portage County Reutilization Corporation (Land Bank). The Land Bank reached out to the City to determine the City's interest in accepting the purchase of the property. The property is located between two separate Wheeling and Lake Erie Railroad properties, a "paper" alley and a city parcel. See the attached figure for clarification.

The existing City parcel is used to maintain a storm water ditch that flows behind properties on Harris Street and under the Wheeling & Lake Erie RR. The acquisition of the requested parcel will allow for improved access to the existing City Parcel to maintain the storm water facility.

Real Estate Sale and Purchase Agreement

This Agreement is entered into this _____, 20____, by the Portage County Land Reutilization Corporation (the "Land Bank"), an Ohio nonprofit corporation, and the City of Kent, Portage County, Ohio (the "City"), an Ohio municipal corporation.

Whereas, the Land Bank has acquired a vacant subplot in the City (PPN 17-011-20-00-003-000), as more fully described in attached **Exhibit A** (the "Sublot"); and

Whereas, the Land Bank desires to sell the Sublot to the City, and the City desires to purchase it under the Land Bank's Vacant Lot Disposition Program; and

Whereas, acquiring the Sublot will facilitate the City being able to maintain its sewer inlet that is located on the contiguous City-owned parcel (PPN 17-011-20-00-007-000); and

NOW, THEREFORE, in consideration of the covenants made each to the other, as set forth below, the parties agree as follows:

(1) Sale. The Land Bank will sell and convey the Sublot to the City, and the City will purchase the Sublot on the terms and conditions outlined in this Agreement.

(2) Purchase Price. The purchase price for the Sublot is \$100.00, payable in cash at closing.

(3) Deed. On payment of the purchase price, the Land Bank will execute and deliver a quitclaim deed describing the Sublot and conveying it to the City.

(4) Title. At the City's request and cost, the Land Bank will furnish for its examination as soon as practicable a preliminary title report issued by AMS Title Agency, Inc., 229 South Chestnut Street, Ravenna, Ohio 44266, 330-298-1070, showing the condition of the title of the Sublot as of the date of issuance of the report. Title to the Sublot will be good and marketable, free and clear of all liens and encumbrances, except those created or assumed by the City, zoning laws, legal highways, and covenants, restrictions, conditions, and easements of record. If any title restrictions, defects, or burdens appear on the report to which the City objects, the objection will be stated in writing to the Land Bank and will be allowed a reasonable time, not exceeding 30 days, to correct the same. If the Land Bank is unable or unwilling to do so, the City may terminate this Agreement or accept the Sublot with all such restrictions, defects, or burdens. If the City does not request a title report within 10 days of this date, it accepts the Sublot with all title restrictions, defects, or burdens.

(5) Closing; Costs; Time of Essence. Unless extended by written agreement of the parties, this Agreement will be completed, and the transaction closed by the AMS Title Agency, per its standard escrow, on or before _____, 20____. The Land Bank will prepare the deed;

tax apportionment will be unnecessary (the Land Bank is tax-exempt under Ohio R.C. 5709.12(F)). Time is of the essence of this contract.

(6) Transfer of the Sublot; Inspection. The City will have possession of the Sublot on the date the deed is recorded. The City acknowledges that the Land Bank (or its agents, including its Executive Director) has made no representations or warranties concerning the Sublot, that the City is purchasing the Sublot in its present "AS IS" condition, that the City is relying solely on its investigation and inspection of the Sublot regarding access and the condition, character, and size, and that the City has completed that investigation and inspection before signing this Agreement.

(7) Binding Effect; Entire Agreement. This Agreement will inure to the benefit of and bind the successor and assigns of the respective parties. This Agreement constitutes the entire agreement between the Land Bank and the City regarding the Sublot and supersedes any other prior communications, representations, or statements regarding this transaction.

The City affirms that before entering into this Agreement, it had an opportunity to seek advice and counsel from others, including an attorney, regarding this Agreement and the purchase of the Sublot.
