## DEPARTMENT OF FINANCE

TO: Dave Ruller, City Manager  
FROM: David A. Coffee, Director of Budget and Finance  
DATE: June 29, 2012  
SUBJECT: 2013 Tax Budget and Public Hearing

A handwritten signature in black ink that reads "David A. Coffee".

The 2013 Tax Budget has been prepared and is submitted as attached for public hearing, along with the request for City Council approval and adoption. The Tax Budget is required to be submitted and adopted annually for each political subdivision in accordance with Ohio Revised Code, Section 5705, by July 15<sup>th</sup> and subsequently must be filed with the County Auditor by July 20<sup>th</sup> of each year. Failure to do so shall result in the loss of the local government fund allocation, estimated to be in excess of \$0.62 million for fiscal year 2013.

Tax Budgets are reviewed by County Budget Commissions to certify the amount of monies to be collected from property taxes and levies based upon demonstrated needs. The political subdivisions in Portage County have voted to adopt an alternative formula for the distribution of Local Government Funds (LGF) which is likewise certified by the Budget Commission.

While preparation of the annual Tax Budget for the City of Kent is largely a procedural formality, it also serves as the first official step in our Capital and Operating Budget processes. Although the required format and presentation of Tax Budget numbers differs considerably from our Annual Budget, they both start with the same basic data and assumptions. The numbers in the Tax Budget reflect department requests that are consistent with our directive to hold Operating and Maintenance expenses to a zero increase compared to the 2012 budget, unless there is a substantiated and compelling reason for variance. Overall, the underlying O&M expense lines contributing to this year's Tax Budget remain at the current budget level, however the Tax Budget format combines our annual budget's O&M, Capital, Debt Service, and Contingency categories into a single "Other" column which has increased due to community redevelopment related debt.

Other format and presentation differences make direct comparisons between budget documents difficult and subject to misrepresentation. Overall we continue to apply conservative budget preparation principals. Our revenue projections reflect mixed current trends based upon source categories. While income tax collections are currently indicating a gradual recovery, changes to various local government funding sources have declined by almost \$1 million over the last two years. Expenses in Personnel Services have been budgeted at the top of range for most positions with some adjustments for special payouts related to retirements and sell back of sick leave, vacation and accrued comp time. Additionally, it should be noted that Tax Budget numbers reflect initial departmental requests for the most part. Further budget review and refinement will occur as individual department budget hearings take place and the annual budget process continues preceding presentation in the Fall to City Council for approval and final adoption.

 On or before July 20th, two copies of this Budget  
 must be submitted to the County Auditor

CITY OF KENT, PORTAGE COUNTY, OHIO

June 29, 2012

This Budget must be adopted by the Council or other legislative body on or before July 16th, and two copies must be submitted to the County Auditor on or before July 20th. FAILURE TO COMPLY WITH SEC. 5705.28 R.C. SHALL RESULT IN LOSS OF LOCAL GOVERNMENT FUND ALLOCATION.

To the Auditor of said County:  
 The following Budget for the budget year beginning January 1, 2013, has been adopted by Council and is herewith submitted for consideration of the County Budget Commission.

Signed: \_\_\_\_\_

Program Description:

The City Council serves as the legislative and policy-making body for the City of Kent. Proposed policies are considered by one of five standing committees and are officially adopted by the Council. The Clerk of Council is responsible for maintaining an official record of the Council's activities and all formal actions, as well as minutes of all meetings.

Program Comments:

The 2012 recommended operation and maintenance budget reflects no changes as compared to the 2011 budget. In an effort to limit spending while maintaining the quality of service delivery, this division was able to avoid nonessential expenses to contain their budget.

**SUMMARY REPORT**  
**Sustainability Commission Meeting**  
**June 26, 2012**

**Meeting called to order** at 5:38 pm by Chair Dan Schweitzer.

**Roll Call:** Caroline Arnold, Daniel Schweitzer, Theodore Newman  
**ABSENT:** John Gwinn

**Staff:** Suzanne Robertson, Executive Assistant to the City Manager

**Review of Meeting Summary Report of May 10, 2011:** Mr. Schweitzer made a motion to approve the summary report from May. The motion was seconded by Ms. Arnold and was approved by a 3-0 vote.

**Public Comment**

**Collen Unroe, 1484 Carriage Hill Dr., Hudson:** Ms. Unroe was the first to speak at the meeting. She briefly discussed her family background in Kent and followed with her involvement in Frack Free Ohio. Ms. Unroe further discussed the “community bill of rights” and what other communities like Mansfield, Ohio have been doing to regulate fracking. Lastly, Ms. Unroe stated the importance of getting the public more informed about fracking.

**Lee Brooker, 814 Hudson Rd.:** Mr. Brooker stated that the City of Kent has the opportunity to set a precedent despite if fracking happens here or not.

**David Badagnani, 712 Hickory Mills Cr.:** Mr. Badagnani stressed the importance of the long term responsibilities of the drilling companies and the regulation of their testing procedures. He continued to state that he thought it would be useful for the City of Kent to talk to other cities about their experiences and regulations.

**OLD BUSINESS**

None

**NEW BUSINESS**

The discussion of housing began with the question of how much the City is really able to regulate fracking. Ms. Arnold stated that water testing should be required prior to any fracking taking place. Mr. Schweitzer followed by stating that there could be benefits to fracking, but the health and safety of the community must be preserved. The discussion then turned to accountability and the status of state regulations in Ohio.

**Sustainability Commission Meeting Summary  
June 26, 2012**

Ms. Arnold asked for consensus on points to be used for further discussion and research. There was general agreement on the following points for the Sustainability Commission to use in planning options for the City of Kent as they relate to the following:

- 1) Developing a plan/strategy to control and manage shale gas drilling;
- 2) Developing a forum to educate the public.

The City has limited authority to regulate oil and gas drilling. The Ohio Department of Natural Resource regulates oil and gas drilling, and municipalities cannot enforce more restrictive regulations. However, the City should consider other options. They may want develop a plan that considers:

- 1) Who is the liaison with Drilling and Pipeline Companies?
- 2) Water usage/source
- 3) Roadway (road use maintenance agreements)
- 4) Safety (noise, fire, security)
- 5) Groundwater Protection/Sensitive Area
- 6) Waste Disposal
- 7) Reclamations Requirement
- 8) Local statutory power
  - a. can levy their own fees and taxes on drillers operating within their boundaries
  - b. refuse to accept brine
  - c. pass their own severance taxes for removal of natural resources
  - d. Fines for violating a regulation

**OTHER BUSINESS**

None

**NEXT MEETING:**

August 14, 2012 at 5:30 p.m.

**ADJOURNMENT:** Mr. Schweitzer made a motion to adjourn the meeting. The motion was seconded by Ms. Arnold and was approved by a 3-0 vote. The meeting was adjourned at 6:51 pm.

Mr. Ruller,

Attached is a computer printout of cases and incidents reported at the eleven largest apartment complexes (over at least 200 units) in the city based on the residence data from the health department. Some of the complexes occasionally hire off duty police officers or private security, most on a sporadic basis.

This report has generated a vast volume of data covering 1,426 occurrences, including criminal and 459 criminal cases. It is difficult to assign liability on the basis of number of units or residents in a complex.

Surveys of on-line information sources failed to indicate a standard pattern of mandatory security requirements for housing complexes on the basis of size and population. It appears that the most common times when mandatory requirements are created is when the property is publicly owned. In other cases, law enforcement will make a decision to concentrate in an area if a significant level of criminal activity is frequent.

The most common characteristics that appear to be applicable are the economics, demographics or predominant lifestyle of the residents of a neighborhood. But the biggest difficulty is in defining that point at which a mandate for private security can be issued. Size is not always the defining criteria, as some of our smaller complexes create greater issues for the police.

The choice in our current case in Kent has been and is likely to continue to be close interaction between property managers/owners and the local public officials. Some of the largest complexes, with significant numbers of incidents, are those that have developed the greatest level of cooperation with the police.

Prior to his recent promotion, Captain Canfield was the lieutenant responsible for crime prevention and neighborhood activities. He can be available to meet with Ms. Wallach in order to add further clarity to the locations included in this report.

Respectfully,  
William Lillich

Bill,

The attached spreadsheet is a breakdown of the 2011 data for the 11 largest apartment complexes in Kent.

Four of the complexes have at least occasionally had private security patrolling their premises.

One complex occasionally hires off-duty KPD officers to patrol their premises.

One complex hires off-duty KPD officers on a weekly basis (multiple times per week at varying times of the day) to patrol their premises.

To my knowledge, none of the listed complexes have "panic alarms" on premises or installed in individual apartments.

If you need anything else, let me know.

Thanks,  
Paul Canfield

## DEPARTMENT OF SAFETY

To: Mr. Ruller  
Mr. Bowling  
Mr. Giaquinto  
Chief Lee

Mr. Locke  
Mr. Roberts  
Chief Williams  
Ms. Susel

From: William Lillich  
Subject: Traffic Engineering & Safety Meeting on June 18, 2012  
TE&S 2012-05  
Report date: June 19, 2012

1. The committee discussed the traffic plan for the Middlebury Rd. water line installation, which began Monday morning. Currently the contractor will be permitted to detour traffic around the construction site provided no significant complications occur with traffic in the residential neighborhood. If so, the contractor will be required to maintain one lane traffic during the construction. The construction will begin near the intersection on Akron Blvd, east bound to Longmere Dr, and will pick up a short portion of Kent Munroe Falls Rd. The project is scheduled to take ninety days.
2. The Esplanade construction has been delayed from the original starting date in June. It is likely to start around August 1, meaning that Lincoln St will be closed for some period of time during the fall semester.
3. The committee reviewed several parking issues that were raised recently at a Parking Advisory Committee meeting.
  - a. The west side of S. Depeyster has been blocked recently by parked cars when deliveries are being attempted. Mr. Roberts has suggested a temporary prohibition on that side of the street between 8AM and 5PM, with unloading permitted from 8AM to Noon.
  - b. Some businesses relocating in the 100 block of E. Main have requested additional 10 minute pick-up spaces for carry-out customers. To avoid a concern on the part of other downtown businesses, the committee will develop a plan for similar spaces in other parts of the downtown. The plan may be presented to the City Council for review.
  - c. The committee discussed a request for the return of spaces on the west side of N Water St north of Portage St. to short term parking, reducing the number of ten hour spaces in the area.

4. The committee discussed the prospect of valet parking while the Erie St and S. Depeyster St construction is taking place. This work will probably last through the end of this year's construction season. A plan is being developed by private businesses to conduct valet parking utilizing several lots in the area, including lots around the city hall. Although there is no significant objection, it is recommended that some guidelines be established by the city.
5. The committee next discussed the operation of the Alley 5 parking lot. Suggestions have been made regarding adjustments to the municipal parking lot ordinance and fee ordinance to accommodate the relevant conditions in the development agreements. Mr. Silver has been consulted on these issues.
6. Mr. Bowling displayed a proposal for another outdoor dining area on the public sidewalk on S. Water St in the development block. Some questions regarding the width of clear sidewalk were raised. Suggestions included not using a fence around the area, which would limit the ability to drink alcoholic beverages. Jim will review the suggestions with the interested business or the developer.

RE: Portage Development Board Update – First Half of 2012

Dear Dave:

Thank you for your generous support of the Portage Development Board. We have some exciting things happening in Portage County, and your investment in the PDB is truly making a difference.

It has been a very busy year. As of June 30, 2012, PDB has successfully worked on eight projects that will generate over \$125 million in new investment in Portage County. These projects will keep 800 people working in Portage County, and over the next three years these projects will create 340 **NEW** jobs for the county. The total annual payroll for jobs retained and to be created is nearly \$70 million.

To accomplish this terrific start to 2012, PDB partnered with Jobs Ohio/Team Northeast Ohio, the Ohio Department of Development, Portage Workforce Connection, the Portage County Port Authority, the Development Financing Authority of Summit County, the Greater Cleveland Partnership, the Greater Akron Chamber, Neighborhood Development Services, Maplewood Career Center, Portage County, and the communities of Aurora, Brimfield, Kent, Ravenna, Streetsboro, and Tallmadge.

In addition to the project work, as of June 30, 2012, we have called on 74 existing companies to see what we can do to assist them to stay and grow in Portage County. These calls have generated 53 referrals to our partners such as the Ohio Small Business Development Center, Portage Workforce Connection, NEOTEC, and Neighborhood Development Services. Our goal is to contact over 150 companies in 2012.

Finally, PDB, the county chambers and the city economic developers started sponsoring quarterly Industrial Round Tables that will focus on major business climate issues that are being identified from the business calling program. Our first Industrial Round Table was held on April 24<sup>th</sup> at Maplewood Career Center, and it focused on local workforce development resources. Our second Industrial Round Table will be on September 12<sup>th</sup> at 7:30 am at Maplewood Career Center and it will focus on the Ohio Workers Compensation System.

Our next PDB Board meeting is July 19<sup>th</sup> at Kent State University starting at 7:30 am at the Student Center in Room 316. All contributors are welcome to attend. More information will sent to you by e-mail.

If you have any questions regarding the Portage Development Board, successful projects, or upcoming events, please give me a call at either the office at (330) 297-3470 or on my cell phone at (330) 389-8027.

Sincerely,

Brad Ehrhart  
President
