

ORDINANCE NO. 2023 - 035

AN ORDINANCE AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO ENTER INTO A CONTRACT WITH STRYKER FOR THE PURCHASE OF LUCAS MACHINE CPR DEVICES, WAIVING COMPETITIVE BIDDING, AND DECLARING AN EMERGENCY.

WHEREAS, the City has been informed by Stryker that the Fire Department's Lucas Machine CPR Devices are no longer serviceable and that some main components will no longer be made; and

WHEREAS, Stryker has offered a limited time trade in of \$5,000.00 per machine for a total of \$25,000.00 to assist in upgrading to the most current mode; and

WHEREAS, the administration is requesting that competitive bidding be waived for the reason that Lucas Machines have been used in the Fire Department for many years and the trade in offer is valid only until June 5, 2023 which does not provide enough time to prepare and bid CPR devices.

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Kent, Portage County, Ohio:

SECTION 1. That the City Manager or his designee is hereby authorized to enter into a contract with Stryker for the purchase of five (5) Lucas Machine CPR Devices, said contract marked as Exhibit "A", attached hereto and incorporated herein.

SECTION 2. Competitive bidding is hereby waived.

SECTION 3. That it is found and determined that all formal actions of this Council concerning and relating to the adoption of this Ordinance were adopted in an open meeting of this Council and that all deliberations of this Council, and of any of its committees that resulted in such formal action, were in meetings open to the public in compliance with all legal requirements of Section 121.22 of the Ohio Revised Code.

SECTION 4. That this Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety and welfare of the residents of this City, for which reason and other reasons manifest to this Council this Ordinance is hereby declared to be an emergency measure and shall take effect and be in force immediately after passage.

AMY WILKENS, CMC
CLERK OF COUNCIL

Product notice: End-of-service for LUCAS® 2 chest compression system—versions 2.0 and 2.1

February 2022

Stryker has been notified by our global parts providers that some components used on certain LUCAS 2 device models (versions 2.0 and 2.1) are no longer available in the market, which limits the service support available for this product. Service on the LUCAS 2 device (version 2.2) and all LUCAS 3 (versions 3.0 and 3.1) devices are unaffected.

LUCAS 2 (versions 2.0 and 2.1) devices can be identified by their serial number. Affected serial numbers are 30080002 through 30149937.

Stryker will offer limited-service support for the LUCAS 2 devices (versions 2.0 and 2.1) as follows:

- Service parts with available inventory can be purchased by our end users.
- Transactional service (time and material) is available for non-contract customers.
 - If a component has failed on your device, your local sales or field service representative should be contacted for support.
 - We will support repairs so long as service parts are available.
- Contractual service:
 - Stryker will no longer offer new or renewed contractual service agreements on LUCAS 2 (versions 2.0 and 2.1) effective immediately.
 - If a component fails on your device, please contact your local sales or field service representative for support. A prorated credit for any pre-paid service will be provided should a unit become non-serviceable due to part availability.

Customers with LUCAS 2 (version 2.2) devices will continue to have service support.

It is important to note that the LUCAS device has an expected life of eight (8) years from the date of manufacture. If you are uncertain of the manufacture date of your products, please contact your local sales representative for a full fleet assessment.

Stryker does not contract nor provide service parts to any third-party service providers, but instead has a dedicated ProCare Service team who is the only approved service provider for our products.

As such, we cannot guarantee the safety and efficacy of any device that is repaired by a third-party service agency.

We thank you for your business and continued partnership. We are committed to providing high-quality, clinically supported products so that you can be confident in the care you are providing to your communities. Please contact your local Stryker sales representative if you have additional questions or to discuss trade-up and flexible financing options for our current LUCAS 3, v3.1 device.

Sincerely,

Ryan Slusarzyk
Senior Manager
